County Public Works Financing Authority

Dear Supervisors:

**ISSUANCE OF REFUNDING REVENUE BONDS, SERIES 2005A
LOS ANGELES COUNTY PUBLIC WORKS FINANCING AUTHORITY
(LOS ANGELES COUNTY REGIONAL PARK AND OPEN SPACE DISTRICT)
(ALL DISTRICTS – 3 VOTES)**

IT IS RECOMMENDED THAT YOUR BOARD:

Adopt a Resolution authorizing the issuance and sale of Refunding Revenue Bonds in an amount not to exceed \$205,000,000; the execution and delivery of various financing documents; the preparation and distribution of an Official Statement; and approving certain related matters.

ACTING AS THE BOARD OF DIRECTORS, IT IS RECOMMENDED THAT YOUR BOARD:

Adopt a Resolution authorizing the issuance and sale of Refunding Revenue Bonds in an amount not to exceed \$205,000,000; the execution and delivery of various financing documents; the preparation and distribution of an Official Statement; and approving certain related matters.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Adopting the recommendations will authorize the issuance of Los Angeles County Public Works Financing Authority Refunding Revenue Bonds, Series 2005A (2005A Refunding Bonds) to refund a portion of the Los Angeles County Public Works Financing Authority Revenue Bonds, Series 1997A (1997 Bonds) and reduce the Los Angeles County Regional Park and Open Space District (District) debt service payments. A review of the existing financing indicates the potential for reducing annual debt service payments of the District by a minimum of 3.0 percent based on current market rates.

Implementation of Strategic Plan Goals

This action supports the County's Strategic Plan Goal of Fiscal Responsibility by reducing annual costs.

FISCAL IMPACT/FINANCING

Based on current market rates, this transaction is projected to generate gross annual savings to the District of between \$670,000 and \$825,000 for the first three years beginning in Fiscal Year 2005-06, and more than \$1 million annually thereafter through Fiscal Year 2019-20. Actual savings will depend on the final issuance size and interest rates at the time of sale. The final maturity of the 2005A Refunding Bonds will not extend beyond the final maturity of the 1997 Bonds.

The Resolutions provide that the true interest cost of these bonds will not exceed 4.5 percent, however, if market conditions remain stable, we expect to issue bonds at much lower rates. If market conditions change so that we are unable to achieve appropriate savings proposed for this refunding, the issuance will be postponed or withdrawn.

Payments associated with this issue are included annually in the District Budget. There will be no change in costs in the current fiscal year.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Based on current market information, we anticipate an offering of fixed rate bonds will produce the lowest cost to the District. The maximum issue size of this financing is \$205,000,000. The Resolutions provide the Treasurer with delegated authority to consider credit enhancement in the form of bond insurance based on a cost-benefit analysis of the transaction at the time of sale. If warranted for this transaction, the bond insurer will be selected through a competitive bid process based on pricing and value added to the financing.

The Honorable Board of Supervisors
December 29, 2004
Page 3

Consistent with the County's Bond Sale Policies, the Treasurer is recommending a negotiated sale. Savings generated by refundings are sensitive to market fluctuations and control over the timing of the issuance is essential. At present, we believe there is some urgency to bring this issue to market as quickly as possible or the opportunity for the projected savings may dissipate. Based on the results of a modified bid from our approved pool of long-term senior underwriters, it is recommended that Lehman Brothers be appointed Lead Manager, and UBS Financial Services be appointed Co-Senior Manager. Additional firms will be selected from the County's approved pool of underwriters to complete the financing team. Public Resources Advisory Group has been selected from the Board's approved pool of financial advisors to act in that capacity for this transaction.

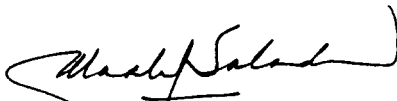

IMPACT ON CURRENT SERVICES (OR PROJECTS)

None.

CONCLUSION

Upon adoption, the Department will require two stamped adopted copies of the Board letter.

Respectfully submitted,

MARK J. SALADINO
Treasurer and Tax Collector

WHEREAS, the District is authorized to undertake the above actions pursuant to the Act, the Order, the District Indenture and other applicable laws of the State of California.

NOW, THEREFORE, the Board does declare, find, resolve, determine and order as follows:

Section 1. The Series 2005A District Bonds shall be issued to effect the refunding of a portion of the Series 1997A District Bonds (the "District Refunded Bonds"), and the issuance of the Series 2005A District Bonds in an aggregate principal amount not to exceed \$205,000,000 is hereby approved. The officers of the District and their authorized representatives are, and each of them acting alone is, authorized and directed for and in the name of, and behalf of the District, to execute by manual or facsimile signature and to deliver the District Second Supplemental Indenture, substantially in the form on file with the Board, with such changes therein as may be necessary or as they may approve, in their discretion, as being in the best interests of the District, such approval to be evidenced conclusively by the execution and delivery thereof.

Section 2. The Series 2005A District Bonds shall be payable from pledged assessments and shall bear interest at a rate or rates per annum such that the true interest cost does not exceed four and one half percent (4.50%). The Series 2005A District Bonds shall be issued hereunder in the manner provided in the Act and in the District Indenture, and the last installment of the Series 2005A District Bonds shall mature no later than October 1, 2019.

Section 3. Each Series 2005A District Bond, or any portion thereof, may be subject to mandatory redemption, without premium, through annual sinking fund installments. In addition, each Series 2005A District Bond, or any portion thereof, shall be subject to extraordinary redemption prior to maturity on any interest payment date upon payment to the registered owner of the principal and accrued interest to the date of such redemption together with a redemption premium equal to three percent (3%) of the principal, which redemption premium may be reduced to zero percent (0%) after the first five years of the term of such Series 2005A District Bonds.

Section 4. The Series 2005A District Bonds shall be special limited obligations of the District payable from certain assessments pursuant to the Order, and the District shall not be obligated to pay the District Bonds except from such assessments and certain amounts on hand under the District Indenture. The District will not obligate itself to advance available funds from the District treasury other than the pledged assessments to pay the principal of, premium, if any, and interest on the District Bonds. A determination not to obligate itself shall not prevent the District from, in its sole discretion, so advancing funds.

Section 5. The sale of the Series 2005A District Bonds to the Authority is hereby authorized and approved; provided however, that the sale of the Series 2005A District Bonds to the Authority is subject to the District's approval of the provisions of the Series 2005A Authority Bonds, and is further subject, to the scheduled debt service payments on the Series 2005A District Bonds being sufficient to pay the scheduled debt service payments on the Series 2005A Authority Bonds.

Section 6. The form of contract of purchase (the "Contract of Purchase"), by and among Lehman Brothers Inc., as the representative of the several underwriters named or to be named therein (the "Underwriters"), the District and the Authority principally relating to the sale and delivery of the Series 2005A Authority Bonds, the proceeds of which will be primarily used by the Authority to purchase the Series 2005A District Bonds from the District, on file with this Board is hereby approved. The officers of the District and their authorized representatives are, and each of them acting alone is, authorized and directed, as appropriate or required, for and in the name of, and on behalf of the District, to execute by manual or facsimile signature and to deliver the Contract of Purchase, substantially in the form on file with the Board, with such changes therein as may be necessary or as they may approve, in their discretion, as being in the best interests of the District, such approval to be evidenced conclusively by the execution and delivery thereof.

Section 7. In connection with the Series 2005A Authority Bonds, the officers of the District and their authorized representatives are, and each of them acting alone is, authorized and directed to participate in the preparation of a preliminary official statement and an official statement, including Appendix A relating to the District, which the Underwriters are authorized

to distribute to persons who may be interested in the purchase of the Series 2005A Authority Bonds. The officers of the District are, and each of them acting alone is, further authorized to deem the information concerning the District in the preliminary official statement to be final in accordance with Rule 15c2-12 of the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended, and for and in the name of and on behalf of the District, to execute and deliver a certificate or other instrument deeming the information concerning the District in each such preliminary official statement and official statement, final as of its respective date for purposes of the aforementioned Rule 15c2-12.

Section 8. The form of Purchase Agreement for Purchase and Sale of District Bonds (the "Purchase Agreement"), by and between the Authority and the District on file with the Board is approved. The officers of the District and their authorized representatives are, and each of them acting alone is, authorized and directed for and in the name of, and on behalf of the District, to execute by manual or facsimile signature and to deliver the Purchase Agreement, substantially in the form on file with the Board, with such changes therein as may be necessary or as they may approve, in their discretion, as being in the best interests of the District, such approval to be evidenced conclusively by the execution and delivery thereof.

Section 9. In accordance with the District Indenture, the District covenants with the holders from time to time of the Series 2005A Authority Bonds that it will, and hereby authorizes the appropriate officers and employees of the District to take all action necessary or appropriate to, comply with and carry out all of the provisions of the District Indenture with respect to continuing disclosure as amended from time to time.

Section 10. The Fiscal Agent, the Treasurer and the District are each authorized to appoint agents to perform duties, functions and obligations under the District Indenture, in accordance with and as required or permitted by the provisions of the District Indenture.

Section 11. The Chair of the Board of the District and the other officers of the District and their authorized representatives are authorized to take any and all actions they deem necessary or advisable to carry out the purposes of this Resolution and all actions heretofore taken by any of them with respect to the execution, authentication, delivery and sale of the Series 2005A District Bonds or in connection with or related to any of the agreements referenced in this Resolution are approved, confirmed and ratified.

Without limiting the foregoing, the Chair of the Board of District and the other officers of the District and their authorized representatives are, and each of them acting alone is, further authorized to execute and deliver for, and in the name of the District, such amendments or supplements to the District Master Indenture, the District Second Supplemental Indenture, the Contract of Purchase, the Purchase Agreement and such other documents referred to in this Resolution as may be necessary or desirable in the judgment of such officers, to effectuate the execution, authentication, delivery and sale of the District Bonds in one or more series or to otherwise carry out the purposes of this Resolution.

The Auditor-Controller is hereby irrevocably directed by the Authority to make the deposits with the Escrow Holder or, if directed by the Auditor-Controller, U.S. Bank National Association, as Paying Agent (the "Paying Agent"), respectively, as set forth hereinabove. The Escrow Holder is hereby irrevocably directed by the Authority to take such actions as may be necessary to assure that the amount so deposited in the Escrow Fund shall immediately be held in cash or invested by the Escrow Holder in the

securities as set forth on Schedule B, attached hereto and made a part hereof ("Eligible Securities," it being the intention of the Authority that the principal of such Eligible Securities, together with the interest to be paid thereon, will be sufficient, as of the date of calculation, and that such Eligible Securities will mature, bear interest and be available as to pay in a timely manner the principal and interest with respect to the Authority Refunded Bonds as the same shall become due and payable on October 1, 2008 and thereafter as set forth in Schedule A attached hereto (collectively, the "Escrow Requirement"). The Authority hereby represents that such Eligible Securities are comprised of Government Obligations as defined in the 1997 Authority Indenture ("Government Obligations").

5. The Escrow Holder hereby acknowledges receipt of the deposit of the moneys in the Escrow Fund as described in paragraph 4 hereof.

6. The deposit by the Authority of the moneys in the Escrow Fund shall constitute an irrevocable deposit thereof for the uses and purposes specified in this Agreement and in the provisions of the 1997 Authority Indenture expressly referred to herein, and such moneys and Eligible Securities, together with all interest thereon, shall be held in trust and applied solely for such uses and purposes. Such moneys and Eligible Securities, along with the proceeds of investment thereof, shall be held by the Escrow Holder separate and apart from all other funds and shall not be commingled with other moneys for any purpose.

7. (a) Except as otherwise expressly provided in paragraph 4, the Escrow Holder shall have no power or duty to invest any moneys held hereunder or to make substitutions of the Eligible Securities held hereunder or to sell, transfer or otherwise dispose of the Eligible Securities acquired hereunder, or to pay interest on any such moneys not required to be invested hereunder.

(b) The liability of the Escrow Holder for the payment of the principal and interest, and redemption premium payable, with respect to the Authority Refunded Bonds as set forth in Schedule A attached hereto, shall be limited to the principal of and interest on the Eligible Securities and cash available for such purposes in the Escrow Fund.

(c) The Authority hereby agrees that it will not take action or fail to take action which would (i) affect adversely the exclusion from gross income for federal income tax purposes of interest with respect to the 1997 Authority Bonds or on the Series 2005A Authority Bonds, or (ii) affect adversely the status of the Authority Refunded Bonds as being deemed no longer deemed Outstanding under the 1997 Authority Indenture.

8. The Escrow Holder shall collect the matured principal of and payments of interest on the Eligible Securities as the same become due and payable and deposit the same in the Escrow Fund. Not later than the date on which any payment on any of the Authority Refunded Bonds is required to be made, as set forth in Schedule A, or if such date is not a Business Day then not later than the Business Day next preceding such date, the Escrow Holder shall transmit, from the funds in the Escrow Fund to the Auditor-Controller, or to such other paying agent as may be designated in writing by the Authority (collectively, with the Auditor-Controller, the "Paying Agent"), the applicable amount set forth in Schedule A attached hereto. The Escrow Holder may conclusively rely upon Schedule A with respect to all information set

forth therein and may conclusively rely upon any written directions of the Authority described in this paragraph.

Any moneys held by the Paying Agent in trust for the payment and discharge of the interest or principal or redemption price with respect to any of the Authority Refunded Bonds which remain unclaimed for 18 months after the date when such payments have become due and payable, shall be paid to the credit of the District and the Paying Agent shall thereupon be released and discharged with respect thereto and the holders of Authority Refunded Bonds shall look only to the Authority for the payment of the interest or principal or redemption price with respect to such Authority Refunded Bonds.

9. U.S. Bank National Association is hereby irrevocably directed to mail notice of redemption as required by Section 3.03 of the 1997 Authority Indenture substantially in the form attached hereto as Exhibit 1 ("Redemption Notice"), and to mail notice of defeasance as required by Section 7.02(b) and Section 3.03 of the 1997 Authority Indenture substantially in the form attached hereto as Exhibit 2 ("Defeasance Notice"), by first class mail, postage prepaid, to the Authority and the respective Holders of the Authority Refunded Bonds, respectively, at their addresses appearing on the Bond register. The Redemption Notice shall be mailed not less than 30 days, but not more than 45 days, prior to the redemption date. The Defeasance Notice shall be mailed as soon as practicable.

Additionally, as soon as practicable, the Defeasance Notice shall be published one time in The Bond Buyer or The Wall Street Journal, or, if such publications are impractical or unlikely to reach a substantial number of the Bondholders of the Authority Refunded Bonds, in some financial newspaper selected by the Paying Agent which regularly carries similar notices of defeasance for obligations similar to the Authority Refunded Bonds. At least 30 days prior to the redemption date, the Redemption Notice shall be published one time in The Bond Buyer or The Wall Street Journal, or, if such publications are impractical or unlikely to reach a substantial number of the Bondholders of the Authority Refunded Bonds, in some financial newspaper selected by the Paying Agent which regularly carries similar notices of redemption for obligations similar to the Authority Refunded Bonds. At least two (2) days before the date of publication required by this Section, Redemption Notice, or Defeasance Notice as the case may be, shall be given by (i) registered or certified mail, postage prepaid, (ii) telephonically confirmed facsimile transmission or (iii) overnight delivery service, to The Depository Trust Company, New York, New York at 55 Water Street, New York, New York 10041 and otherwise in accordance with the 1997 Authority Indenture. On the date of publication required by this Section, Redemption Notice, or Defeasance Notice as the case may be, shall be given by (i) registered or certified mail, postage prepaid, or (ii) overnight delivery service, to one of the information services selected by an Authorized Authority Representative in accordance with the 1997 Authority Indenture. Neither the failure of a holder to receive the Defeasance Notice or Redemption Notice, nor the failure to give such notice to certain depositories or information services as required by the 1997 Authority Indenture, nor any defect in any such notice, will affect the sufficiency of the proceedings for the redemption or the defeasance of any Authority Refunded Bonds.

Each check or other transfer of funds issued or made by U.S. Bank National Association for the purpose of redeeming the Bonds shall to the extent practicable identify by

designation and maturity the Bonds being prepaid with the proceeds of such check or other transfer.

10. The Authority agrees to pay and shall pay to the Escrow Holder as compensation in full for all services to be rendered by the Escrow Holder under this Agreement the amounts set forth in a separate schedule of fees and expenses, as modified from time to time as agreed upon by the parties hereto. Any payment to the Escrow Holder pursuant to this paragraph, shall be made from any moneys of the Authority lawfully available therefor, but the Escrow Holder shall have no lien whatsoever upon any of the moneys or Eligible Securities in the Escrow Fund for any such payment.

To the extent authorized by law, the Authority hereby assumes liability for and hereby agrees to indemnify, protect, save and keep harmless the Escrow Holder and its respective successors, assigns, agents and servants, from and against any and all liabilities, obligations, losses, damages, penalties, claims, actions, suits, costs, expenses and disbursements (including legal fees and disbursements) of whatsoever kind and nature which may be imposed on, incurred by, or asserted against, at any time, the Authority or the Escrow Holder (whether or not also indemnified against by any person under any other contract or instrument) and in any way relating to or arising out of the execution and delivery of this Agreement, the acceptance and performance of the duties and obligations of the Escrow Holder hereunder, the establishment of the Escrow Fund, the acceptance of the moneys deposited in such fund, the purchase of the Eligible Securities, the retention of such moneys and Eligible Securities or the proceeds thereof and any payment, transfer or other application of moneys or securities by the Escrow Holder in accordance with the provisions of this Agreement, provided, that the Authority shall not be required to indemnify, protect, save and keep harmless the Escrow Holder against its own negligence, or willful misconduct. In no event shall the Authority be liable to any person by reason of the transactions contemplated hereby other than to the Escrow Holder as set forth in this paragraph. The indemnities contained in this paragraph shall survive the termination of this Agreement.

11. The Escrow Holder agrees to maintain books and records for the Escrow Fund and to account separately for deposits therein, investments thereof, earnings thereon and losses (if any) with respect thereto. The Escrow Holder shall only act in accordance with the specific provisions set forth herein and shall not assume any implied duties or obligations hereunder.

The Escrow Holder shall have no obligation to make any payment or disbursement of any type or incur any financial liability in the performance of its duties under this Agreement unless the Authority shall have deposited sufficient funds therefor with the Escrow Holder. The Escrow Holder may rely and shall be protected in acting upon the written or oral instructions of authorized representatives of the Authority or of its respective agents relating to any matter or action as Escrow Holder under this Agreement.

The liability of the Escrow Holder for the payment of moneys as hereinabove set forth respecting the payment of the Authority Refunded Bonds shall be limited to the principal of and interest on the Eligible Securities and other securities purchased hereunder. The Escrow Holder shall not be liable for any loss resulting from any investment, sale, transfer, redemption,

substitution or other disposition made pursuant to this Escrow Agreement in compliance with the provisions hereof or the sufficiency of the Eligible Securities or any uninvested moneys held hereunder to accomplish the discharge of the Authority Refunded Bonds. The Escrow Holder shall not have any lien whatsoever upon any of the moneys deposited in accordance with paragraph 4 hereof for the payments of fees and expenses for services by it under this Escrow Agreement until after all payments required pursuant hereto in accordance herewith. The recitals of fact contained in the "whereas" clauses herein shall be taken as the statements of the Authority and the Escrow Holder assumes no responsibility for the correctness thereof. The Escrow Holder makes no representations as to the sufficiency of the Eligible Securities to be purchased pursuant hereto and any uninvested moneys to accomplish the refunding of the Authority Refunded Bonds or to the validity of this Agreement as to the Authority and, except as otherwise provided herein, the Escrow Holder shall incur no liability in respect thereof. The Escrow Holder shall not be liable in connection with the performance of its duties under this Agreement except for its own negligence, willful misconduct or default, and the duties and obligations of the Escrow Holder shall be determined by the express provisions of this Agreement. The Escrow Holder may consult with counsel, who may or may not be counsel to the Authority, and in reliance upon the written opinion of such counsel shall have full and complete authorization and protection in respect of any action taken, suffered or omitted by it in good faith in accordance therewith. Whenever the Escrow Holder shall deem it necessary or desirable that a matter be provided or established prior to taking, suffering, or omitting any action under this Agreement, such matter (except the matters set forth herein as specifically requiring a certificate of a nationally recognized firm of independent certified public accountants or an opinion of counsel) may be deemed to be conclusively established by a written certification of the Authority.

12. The Escrow Holder may be removed with or without cause at any time by the Authority, and the Escrow Holder may resign by giving written notice to the Authority, but no such removal or resignation shall take effect under this Agreement unless a successor Escrow Holder shall have been appointed by the Authority as hereinafter provided and such successor Escrow Holder shall have accepted such appointment, in which event such removal or resignation shall take effect immediately upon the appointment and acceptance of a successor Escrow Holder. In the event that no appointment of a successor Escrow Holder shall have been made by the Authority pursuant to the foregoing provisions of this paragraph within forty-five (45) days after written notice of resignation of the Escrow Holder has been given to the Authority, any retiring Escrow Holder may apply to any court of competent jurisdiction for the appointment of a successor Escrow Holder, and such court may thereupon, after such notice, if any, as it shall deem proper, appoint a successor Escrow Holder. No successor Escrow Holder shall be appointed unless such successor Escrow Holder shall be a corporation or other entity with trust powers organized under the banking laws of the United States or any state and shall have at the time of appointment capital, surplus and undivided profits of not less than \$100,000,000. Every successor Escrow Holder appointed hereunder shall execute, acknowledge and deliver to its predecessor, the Authority and to the Los Angeles County Treasurer and Tax Collector (the "County Treasurer"), an instrument in writing accepting such appointment hereunder and thereupon such successor Escrow Holder without any further act, deed or conveyance, shall become fully vested with all the rights, immunities, powers, trusts, duties and obligations of its predecessor; but such predecessor shall, nevertheless, on the written request of such successor Escrow Holder or the Authority execute and deliver an instrument transferring to such successor Escrow Holder all the estates, properties, rights, powers and trusts of such

predecessor hereunder; and every predecessor Escrow Holder shall deliver all cash and Eligible Securities held by it to its successor. Should any transfer, assignment or instrument in writing from the predecessor Escrow Holder be required by any successor Escrow Holder for more fully and certainly vesting in such successor Escrow Holder the estates, rights, powers and duties hereby vested or intended to be vested in the predecessor Escrow Holder, any such transfer, assignment and instrument in writing shall, on request, be executed, acknowledged and delivered by the predecessor Escrow Holder. Any corporation or other entity into which the Escrow Holder, or any successor to it in the trusts created by this Agreement, may be merged or converted or with which it or any successor to it may be consolidated, or any corporation or other entity resulting from any merger, conversion, consolidation or reorganization to which the Escrow Holder or any successor to it shall be a party, shall be the successor Escrow Holder under this Agreement without the execution or filing of any paper or any act on the part of any of the parties hereto, anything herein to the contrary notwithstanding.

13. Upon the written direction of an Authorized Authority Representative, the Escrow Agent shall sell, transfer and request the redemption of or otherwise dispose of the Eligible Securities; provided that (i) there are simultaneously substituted therefor and delivered to the Escrow Agent other Government Obligations the payments of principal of and interest on which, together with other moneys available for such purpose, as certified by an independent certified public accountant that, will be sufficient to pay, when due, the principal of, redemption premium and interest on the Authority Refunded Bonds and (ii) the Escrow Agent shall receive the opinion of bond counsel to the effect that such disposition or substitution would not adversely affect the exclusion from gross income of interest on the Authority Refunded Bonds or the Series 2005A Authority Bonds. Any cash received from the disposition and substitution of Government Obligations pursuant to this Section to the extent that such cash will not be required pursuant to Section 4 hereof shall be transferred to the Fiscal Agent and deposited into the Bond Interest Subaccount of the 1997A Debt Service Fund under the District First Supplemental Indenture or the Bond Interest Subaccount of the 2005A Debt Service Fund under the District Second Supplemental Indenture, or as otherwise directed by the District.

14. This Agreement shall terminate when there shall have been paid to the U.S. Bank National Association, in accordance with the provisions hereof, moneys sufficient to pay all principal and interest, and redemption premiums, payable with respect to all of the Authority Refunded Bonds as set forth on Schedule A, and any remaining moneys and Eligible Securities, together with any interest thereon, in the Escrow Fund shall after payment of all outstanding fees and expenses of the Escrow Holder thereupon be transferred to the District.

15. If any one or more of the covenants or agreements provided in this Agreement on the part of the parties hereto to be performed should be determined by a court of competent jurisdiction to be contrary to law, such covenant or agreement shall be deemed and construed to be severable from the remaining covenants and agreements herein contained and shall in no way affect the validity of the remaining provisions of this Agreement.

16. This Agreement may be executed in several counterparts, all or any of which shall be regarded for all purposes as an original and shall constitute and be but one and the same instrument.

17. This Agreement shall be governed by the applicable law of the State of California.

18. All notices, demands and formal actions under this Agreement shall be in writing and mailed, telegraphed or delivered to:

19. This Agreement may be modified or amended at any time by a supplemental agreement which shall become effective when the written consent of the holders of one hundred percent (100%) in aggregate principal amount of the Authority Refunded Bonds then unpaid as to principal shall have been filed with the Escrow Holder. This Agreement may be modified or amended at any time by a supplemental agreement, without the consent of any such holders, but only: (i) to add to the covenants and agreements of any party, other covenants to be observed, or to surrender any right or power herein or therein reserved to the Authority; (ii) to cure, correct or supplement any ambiguous or defective provision contained herein; or (iii) in regard to questions arising hereunder as the parties hereto or thereto may deem necessary or desirable and which, in the opinion of counsel, shall not materially adversely affect the interest of the holders of the Authority Refunded Bonds, and that such amendment will not cause interest with respect to the Authority Refunded Bonds to become subject to inclusion in gross income for purposes of federal income taxation.

The undersigned (the “**Underwriters**”) offer to enter into this agreement with the Los Angeles County Public Works Financing Authority (the “**Authority**”) and the Los Angeles County Regional Park and Open Space District (the “**District**”), which, upon the Authority’s and the District’s acceptance hereof, will be binding upon the Authority and the District and upon the Underwriters. 3. The Underwriters represent that the Representative has been duly authorized by the Underwriters to execute this Contract of Purchase and to act hereunder on their behalf and to take such actions as it may deem advisable in respect of all matters pertaining to this Contract of Purchase.

4. The Underwriters agree to make a bona fide public offering of all the Bonds at not in excess of the respective initial public offering prices to be set forth on the inside cover page of the Official Statement, plus interest accrued on the Bonds from their date. The Underwriters reserve the right to change such initial offering prices as the Underwriters shall deem necessary in connection with the marketing of the Bonds and to offer and sell the Bonds to certain dealers (including dealers depositing such bonds into investment trusts) and others at prices lower than the initial offering prices set forth on the inside cover page of the Official Statement. The Underwriters also reserve the right to (i) over allot or effect transactions which stabilize or maintain the market prices of the Bonds at levels above those which might otherwise prevail in the open market and (ii) discontinue such stabilizing, if commenced, at any time.

(a) The Authority and the District hereby authorize the use by the Underwriters of the Authority Documents, the District Documents and the Official Statement, and any supplements or amendments thereto, and the information contained in each of such documents, in connection with the public offering and sale of the Bonds. The Authority and the District consent to the use by the Underwriters prior to the date hereof of the Preliminary Official Statement in connection with the public offering of the Bonds.

(b) The Authority will deliver to the Underwriters, within seven business days after the date of this Contract of Purchase and in sufficient time to accompany any confirmation requesting payment from any customers of the Underwriters, copies of the Official Statement in final form (including all documents incorporated by reference therein) and any amendment or supplement thereto in such quantities as the Underwriters may reasonably request in order to comply with the obligations of each Underwriter pursuant to the rules of the Municipal Securities Rulemaking Board and Rule 15c2-12(b)(4) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). As soon as practicable following receipt thereof from the Authority, the Representative shall deliver the Official Statement to a nationally recognized municipal securities information repository (as such term is defined by Rule 15c2-12 under the Exchange Act).

An authorized officer of the Authority and the District have certified to the Underwriter on behalf of the Authority and the District that the Preliminary Official Statement was deemed to be final as of its date for purposes of Rule 15c2-12, with the exception of certain final pricing and related information referred to in Rule 15c2-12.

(c) The District will undertake, pursuant to the District Indenture, to provide certain annual financial information and notices of certain material events, as required by Rule 15c2-12 and as described in the section entitled "CONTINUING DISCLOSURE" of the Official Statement.

(3) The Bonds are limited obligations of the Authority and are payable, as to principal, premium (if any), and interest thereon, solely from a pledge of and lien on Pledged Revenues of the Authority.

(4) All approvals and consents of the Board of Directors of the Authority which would constitute a condition precedent to the performance by the Authority of its obligations under the Bonds and the Authority Documents have been obtained and are in full force and effect. No other authorization, consent or approval of, or filing or registration with, any Governmental Authority (as defined below) or court is, or under existing requirements of law will be, necessary for the valid execution, delivery or performance by the Authority of the Bonds or the Authority Documents, other than any authorization, consent, approval, filing or registration as may be required under the Blue Sky or securities laws of any state in connection with the offering, sale or issuance of the Bonds. All authorizations, consents or approvals of or filings or registrations with any Governmental Authority or court necessary for the valid issuance of, and performance by the Authority of its obligations under, the Bonds will have been duly obtained or made prior to the issuance of the Bonds (and disclosed to the Underwriters). As used herein, the term **"Governmental Authority"** refers to any legislative body or governmental official, department, commission, board, bureau, agency, instrumentality, body or public benefit corporation.

(5) The adoption of the Authority Resolution and the execution and delivery of the Authority Documents and the Bonds, and compliance with the provisions thereof, will not conflict with or constitute a breach of or default under any law, regulation, court order or decree, consent, resolution or agreement to which the Authority is subject or by which it is bound.

(6) To the knowledge of the Authority, no litigation is pending or threatened in any court (other than any disclosed in the Official Statement) (i) in any way questioning the existence of the Authority or the titles of the officers of the Authority to their respective offices; (ii) seeking to restrain or enjoin the adoption of the Authority Resolution or the issuance or delivery of any of the Bonds or in any way contesting or affecting the validity of the Bonds or the Authority Documents, or materially affecting payment of the Bonds or payment of any other obligations of the Authority, or contesting the powers of the Authority or any authority for the issuance of the Bonds; or (iii) which could have a material adverse impact upon the ability of the Authority to perform its obligations under such documents.

(7) The Bonds will be issued in accordance with the Indenture and will conform in all material respects to the descriptions thereof contained in the Official Statement.

(8) Any certificate signed by any official or other representative of the Authority and delivered to the Underwriters pursuant to this Contract of Purchase shall be deemed a representation and warranty by the Authority to each of the Underwriters as to the truth of the statements therein made.

(17) The Authority has not been notified of any listing or proposed listing by the Internal Revenue Service to the effect that the Authority is a bond issuer whose arbitrage certificates may not be relied upon.

(18) The Authority is, and at the Closing Date will be, in compliance, in all respects, with the Authority Documents.

(19) Upon the issuance and delivery of the Bonds and the application of the proceeds thereof pursuant to the Escrow Agreement and compliance by the Escrow Holder with the provisions thereof, the Prior Obligations will no longer be outstanding within the meaning of the indenture under which such obligations were issued. Except for the rights of the holders of the Prior Obligations to payments from the Escrow Fund established by the Escrow Agreement, upon the issuance and delivery of the Bonds and the application of the proceeds thereof pursuant to the Escrow Agreement and compliance by the Escrow Holder with the provisions thereof, the Prior Obligations will have ceased to be entitled to any lien, benefit or security under the indenture under which such obligations were issued, and all covenants, agreements and obligations (other than those that specifically provide that they shall survive a payment or defeasance of the Prior Obligations) of the Authority to the holders of the Prior Obligations will have ceased, terminated, become void and been discharged and satisfied.

(b) The District represents, warrants and covenants to each of the Underwriters that:

(2) (i) At or prior to Closing, the District will have taken all action required to be taken by it to authorize the issuance and delivery of the District Bonds and the performance of its obligations thereunder; (ii) the District has, and at the Closing Date will have, full legal right, power and authority to levy and collect the Assessments, to adopt the District Resolution and to enter into the District Documents and to issue and deliver the District Bonds to the Authority and to perform its obligations thereunder and under the District Documents and the Order as provided herein and therein; at or prior to the Closing, the execution and delivery of, and the performance by the District of its obligations contained in, the District Bonds and the District Documents shall have been duly authorized; and (iii) the District Documents have been duly executed and delivered and each constitutes a valid and legally binding obligation of the

(8) The District will furnish such information, execute such instruments and take such other action in cooperation with the Underwriters as the Underwriters may reasonably request in order (i) to qualify the Bonds for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions of the United States as the Underwriters may designate and (ii) to determine the eligibility of the Bonds for investment under the laws of such states and other jurisdictions, and will use its best efforts to continue such qualifications in effect so long as required for the distribution of the Bonds; provided, however, that the District shall not be required to execute a general consent to service of process or qualify to do business in connection with any such qualification or determination in any jurisdiction.

(9) At the time of the District's acceptance hereof the Official Statement does not, and at the date thereof the Official Statement will not, contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were or are made, not materially misleading.

(10) If the Official Statement is supplemented or amended pursuant to paragraph (11) of this Section 7(b), at the time of each supplement or amendment thereto, the Official Statement as so supplemented or amended will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not materially misleading.

WHEREAS, all acts precedent to and conditional for the issuance and sale of the Series 2005A District Bonds and Series 2005A Authority Bonds have been taken;

NOW, THEREFORE, in consideration of the foregoing and of the mutual covenants hereinafter set forth, the parties hereto agree as follows:

1. Upon the terms and conditions and upon the basis of the representations herein set forth, the Authority hereby agrees to purchase from the District, and the District hereby agrees to sell to the Authority, all (but not less than all) of the Series 2005A District Bonds, subject to the sale and delivery of the Series 2005A Authority Bonds to the Underwriters from the Authority. Upon delivery of the Series 2005A Authority Bonds, and refunding of the Authority Refunded Bonds, the Authority will deliver to the District the District Refunded Bonds in accordance with the District Master Indenture. It is hereby agreed that upon such delivery to the District, such District Refunded Bonds shall be and are hereby deemed paid in accordance with and in satisfaction of Article VII of the District Master Indenture, and the District Refunded Bonds shall no longer be secured by or entitled to the benefits of the District Master Indenture, except as otherwise provided in Section 7.02 thereof. 5. If any one or more of the covenants or agreements provided in this Agreement on the part of the parties hereto to be performed should be determined by a court of competent jurisdiction to be contrary to law, such covenant or agreement shall be deemed and construed to be severable from the remaining covenants and agreements herein contained and shall in no way affect the validity of the remaining provisions of this Agreement.

6. This Agreement may be executed in several counterparts, all or any of which shall be regarded for all purposes as an original and shall constitute and be but one and the same instrument.

See Appendix B — "SUMMARY OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS - DEFINITIONS OF CERTAIN TERMS."

General Description

This Official Statement, including the cover page, the inside cover page and attached Appendices (the "Official Statement"), provides certain information concerning the issuance by the Los Angeles County Public Works Financing Authority, a joint exercise of powers entity organized under the laws of the State of California (the "Authority") of its Refunding Revenue Bonds, Series 2005A (Los Angeles County Regional Park and Open Space District) (the "Series 2005A Authority Bonds") in the aggregate principal amount of \$_____. The Series 2005A Authority Bonds will be issued and delivered pursuant to an Authority Master Indenture of Trust dated as of November 1, 1997, as amended (the "Master Indenture") and an Authority Second Supplemental Indenture of Trust dated as of February 1, 2005 (the "Second Supplemental Indenture" and, together with the Master Indenture, the "Indenture"), each by and between the Authority and the Auditor-Controller of the County of Los Angeles, as fiscal agent (the "Fiscal Agent"). The Series 2005A Authority Bonds are being issued (i) to advance refund a portion of the Authority's Revenue Bonds, Series 1997A (Los Angeles County Regional Park and Open Space District) (the "Series 1997A Authority Bonds") originally issued pursuant to the Master Indenture and a First Supplemental Indenture of Trust, dated as of November 1, 1997 (the "Prior Indenture") which were issued to assist the Los Angeles County Regional Park and Open Space District (the "District") in financing the acquisition, restoration, improvement and preservation of beach, park, wildlife and open space resources within the District (the "Projects"), and (ii) to pay for costs of issuance incurred in connection with the issuance of the Series 2005A Authority Bonds and the Series 2005A District Bonds (as defined below). See "PLAN OF REFUNDING," "THE SERIES 2005A AUTHORITY BONDS" and "ESTIMATED SOURCES AND USES OF FUNDS."

General Terms of the Series 2005A Authority Bonds

The Series 2005A Authority Bonds will mature on the dates and in the principal amounts as set forth on the inside cover page of this Official Statement. Interest on the Series 2005A Authority Bonds is payable on April 1 and October 1, commencing on April 1, 2005, computed at the rates set forth on the inside cover page of this Official Statement on the basis of a 360-day year comprised of twelve 30-day months, until the maturity or earlier redemption thereof (the "Interest Payment Dates"). The Series 2005A Authority Bonds will be issuable in denominations of \$5,000 or any integral multiple thereof. The Series 2005A Authority Bonds are subject to optional and mandatory sinking fund redemption. See "THE SERIES 2005A AUTHORITY BONDS."

Book-Entry-Only

The Series 2005A Authority Bonds will be issuable in fully registered form only and, when issued and delivered, will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"). DTC will act as the depository of the Series 2005A Authority Bonds and all payments due on the Series 2005A Authority Bonds will be made to DTC or its nominee. Ownership interests in the Series 2005A Authority Bonds may be purchased in book-entry form only. See Appendix E – "BOOK-ENTRY-ONLY SYSTEM."

Source of Payment for the Series 2005A Authority Bonds and the Series 2005A District Bonds

The Series 2005A Authority Bonds are payable from and secured by, among other moneys, Pledged Assessments (as defined below) received by the District and payable with respect to the \$_____ aggregate principal amount of Los Angeles County Regional Park and Open Space District Limited Obligation Improvement Bonds, Series 2005A (the "Series 2005A District Bonds") which are being purchased by the Authority simultaneously with the delivery of its Series 2005A Authority Bonds. See "SECURITY FOR THE SERIES 2005A AUTHORITY BONDS." The Series 2005A Authority Bonds, the Series 1997A Authority Bonds that are not refunded by the Series 2005A Authority Bonds (the "Nonrefunded Series 1997A Authority Bonds") and any additional bonds which may be issued under the Master Indenture are collectively referred to herein as the "Authority Bonds."

The District's boundaries are coterminous with the boundaries of the County of Los Angeles (the "County"), encompassing 4,083 square miles and containing approximately 2.2 million parcels. The District was formed and the levy of the maximum annual initial assessment within the District was established at \$9.39 per benefit point (the "Initial Assessment") pursuant to an official act of the County Board of Supervisors as set forth in its Order of March 17, 1992 (the "1992 Order"). The Initial Assessment was approved by 63.9% of voters within the County voting on the matter on November 3, 1992. The 1992 Order was amended by a resolution of the County Board of Supervisors adopted on June 18, 1996 (the "Resolution") to establish the levy of an additional maximum annual assessment at \$5.07 per benefit point (the "Additional Assessment" and, together with the Initial Assessment, the "Assessment"). The Additional Assessment was approved by 65.1% of voters within the County voting on the matter on November 5, 1996. The 1992 Order, as amended by the Resolution (the "Order") provides that a minimum of 80% (but not more than 85%) of all proceeds of annual Assessments collected by the District shall be used for capital outlay projects, including, but not limited to, the acquisition and improvement of real property and the servicing of bonds, notes or other evidences of indebtedness issued by the District. Pursuant to the Order, the Initial Assessment and the Additional Assessment shall be levied for a period of twenty-two (22) years beginning with the fiscal year in which such assessment was first levied and collected by the District, subject to a maximum annual assessment. See "SECURITY FOR THE SERIES 2005A AUTHORITY BONDS," and Appendix A — "THE DISTRICT – Rate and Method of Assessment" and "– Excerpts of Engineer's Report."

Under the provisions of a District Master Indenture of Trust, dated as of February 1, 2005, as amended (the "District Master Indenture") and a District Second Supplemental Indenture of Trust, dated as of February 1, 2005 (the "District Second Supplemental Indenture" and, together with the District Master Indenture, the "District Indenture"), each by and between the District and the Fiscal Agent, all Assessments and the proceeds of any foreclosure proceedings attributable thereto, less the amounts deducted and set aside for service, maintenance and administrative expenses in accordance with the Order (the "Pledged Assessments"), are pledged to payment of principal of, premium, if any, and interest on the Series 2005A District Bonds, the Series 1997A District Bonds that are not refunded by the Series 2005A Authority Bonds (the "Nonrefunded Series 1997A District Bonds") and any additional bonds which may be issued under the District Master Indenture (the Series 2005A District Bonds together with the

Nonrefunded Series 1997A District Bonds, the "District Bonds"). Pursuant to applicable law and the Order, the annual Assessments shall include an amount sufficient to provide for annual debt service on the Nonrefunded Series 1997A Authority Bonds and the Series 2005A Authority Bonds, subject to a maximum annual assessment, and shall be included on the regular County tax bills for parcels of property against which there are assessments. See "SECURITY FOR THE SERIES 2005A AUTHORITY BONDS," Appendix A — "THE DISTRICT – Rate and Method of Assessment" and "– Excerpts of Engineer's Report" and Appendix B — "SUMMARY OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS – The District Master Indenture." Under the District Master Indenture, the District covenants that, unless otherwise required by applicable law, the District shall not take, or cause to be taken, any action that will result in the reduction of the amount of the levy of Pledged Assessments with respect to any Fiscal Year below an aggregate amount equal to 1.15 times the Maximum Annual Debt Service on all Outstanding District Bonds and any District Bonds that the District reasonably expects to be issued during the then-present Fiscal Year. See Appendix A — "THE DISTRICT" and Appendix B — "SUMMARY OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS – The District Master Indenture."

The proceeds of any additional Authority Bonds hereafter issued will be applied to purchase additional District Bonds hereafter issued by the District in accordance with the Order and under and pursuant to the District Indenture. The District Bonds, including the Series 2005A District Bonds, are secured on a parity basis by a first lien and charge on and pledge of Pledged Assessments. Additional series of Authority Bonds may be issued under and pursuant to the provisions of the Master Indenture as is deemed appropriate by the Authority and the District to provide funds, through the purchase of additional District Bonds, to assist the District to finance capital outlay projects of the District, including, but not limited to, the acquisition and improvement of real property and the servicing of bonds, notes or other evidences of indebtedness issued by the District. The Series 2005A Authority Bonds, the Nonrefunded Series 1997A Authority Bonds and such additional Authority Bonds issued from time to time in accordance with the Master Indenture and any supplemental indenture shall have an equal lien and charge upon the Pledged Revenues. See "SECURITY FOR THE SERIES 2005A AUTHORITY BONDS – Additional Bonds" and Appendix B — "SUMMARY OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS - The Master Indenture."

Reserve Account

A reserve account (the "2005A Reserve Account") will be established within the Los Angeles County Regional Park and Open Space District Limited Obligation Improvement Bonds Reserve Fund (the "Reserve Fund") held under the District Indenture in order to secure the payment of principal of and interest on the District Bonds. The Reserve Fund will be funded to equal the Reserve Requirement which is defined as an amount equal, as of any date of calculation, to the least of (i) 10% of the original principal amount of the District Bonds, (ii) 125% of the average amount of principal and interest becoming due and payable on the District Bonds during each full Fiscal Year after the date of calculation, or (iii) the greatest amount of principal and interest becoming due and payable on all District Bonds in any six calendar month period after the date of calculation. The initial deposit to the 2005A Reserve Account will be made from the transfer of amounts previously on deposit in the 1997A Reserve Account. See "ESTIMATED SOURCES AND USES OF FUNDS." If on any interest payment date for the Series 2005A District Bonds the amounts on deposit under the District Indenture to pay the principal of and interest due on the Series 2005A District Bonds are insufficient therefor, amounts in the 2005A Reserve Account shall be applied to make up such deficiencies. Deposits are required to be made to the 2005A Reserve Account to restore any deficiency therein from Pledged Assessments and Investment Earnings to the extent required under the District Indenture. See "SECURITY FOR THE SERIES 2005A AUTHORITY BONDS – Reserve Account" and Appendix B — "SUMMARY OF CERTAIN

PROVISIONS OF THE LEGAL DOCUMENTS – The District Master Indenture – District Pledged Revenues and Funds – Reserve Fund; 2005A Reserve Account.”

Additional Bonds

Under the Master Indenture, the Authority may issue additional Authority Bonds for the purpose of refunding bonds previously issued by the Authority and assisting the District with the financing of additional capital outlay projects and grants of the District set forth in the Order through the purchase of additional District Bonds. Under the District Indenture, the District may issue such additional District Bonds on a parity with the Outstanding District Bonds so long as, among other things, there shall first be delivered to the Fiscal Agent a certificate of the County certifying that, based upon a review of the books and records maintained by the District for each fiscal year, the product of (i) the total number of benefit points in the District as of the last day of the Fiscal Year ended next prior to the date on which such District Bonds are to be issued times (ii) 80% of the maximum dollar amount per benefit point at which Assessments are authorized to be levied in each Fiscal Year thereafter during which District Bonds are scheduled to be outstanding times (iii) the percentage, as certified by the Auditor-Controller of the County, of the County’s secured property tax levy for such prior Fiscal Year actually collected during such prior Fiscal Year, equals at least 1.15 times the Maximum Annual Debt Service in any Fiscal Year thereafter on all District Bonds to be Outstanding immediately subsequent to the issuance of the additional District Bonds. Under the District Indenture, the District may issue refunding bonds on a parity with outstanding District Bonds without meeting the test set forth above so long as a certificate of the County is delivered showing that the Annual Debt Service in each year on the refunding bonds of the District will not exceed the Annual Debt Service in each year that would have been payable with respect to the refunded bonds of the District had the refunding bonds of the District not been issued. See “SECURITY FOR THE SERIES 2005A AUTHORITY BONDS” and Appendix B — “SUMMARY OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS – The District Master Indenture.”

At the time of issuance of the Series 2005A District Bonds, the County will certify that the requirements to the issuance of the Series 2005A Authority Bonds and Series 2005A District Bonds have been met.

The Authority

The Authority is a joint exercise of powers entity formed by agreement pursuant to Articles 1 through 4, Chapter 5, Division 7, Title 1 of the California Government Code. For additional information regarding the Authority see “THE AUTHORITY.”

See “THE DISTRICT” and Appendix A — “THE DISTRICT.”

Limited Obligation

THE SERIES 2005A AUTHORITY BONDS ARE SPECIAL, LIMITED OBLIGATIONS PAYABLE SOLELY FROM CERTAIN PAYMENTS RECEIVED BY THE AUTHORITY FROM THE DISTRICT, WHICH INCLUDE PLEDGED ASSESSMENTS. NEITHER THE SERIES 2005A AUTHORITY BONDS NOR THE SERIES 2005A DISTRICT BONDS CONSTITUTES AN INDEBTEDNESS OF THE AUTHORITY, THE COUNTY, THE DISTRICT, THE STATE OF

CALIFORNIA OR ANY OF ITS POLITICAL SUBDIVISIONS WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY DEBT LIMITATION, OR A PLEDGE OF THE FAITH AND CREDIT OF THE COUNTY. THE OBLIGATION OF THE AUTHORITY TO PAY PRINCIPAL OF OR INTEREST ON THE SERIES 2005A AUTHORITY BONDS DOES NOT CONSTITUTE AN OBLIGATION OF THE AUTHORITY FOR WHICH THE AUTHORITY IS OBLIGATED TO LEVY OR PLEDGE ANY FORM OF TAXATION OR FOR WHICH THE AUTHORITY HAS LEVIED OR PLEDGED ANY FORM OF TAXATION. THE AUTHORITY HAS NO TAXING POWER.

Continuing Disclosure

The District has covenanted in the District Indenture to provide, or cause to be provided, to each nationally recognized municipal securities information repository and any public or private repository or entity designated by the State as a state repository and any public or private repository for purposes of Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission certain annual financial information and operating data of the type set forth herein including, but not limited to, its Audited Financial Statements and, in a timely manner, notice of certain material events. See "Continuing Disclosure" for a description of the specific nature of the annual report and notices of material events and a summary description of the terms of the disclosure undertaking pursuant to which such reports and notices are to be made. These covenants have been made in order to assist the Underwriters in complying with Rule 15c2-12(b)(5) of the Securities and Exchange Commission. The District has never failed to comply with said Rule regarding the filing of annual reports or notices of material events. The County has never failed to comply in all material respects with any previous undertakings with regard to said Rule to provide annual reports or notices of material events.

The Authority has determined that no financial or operating data concerning the Authority is material to any decision to purchase, hold or sell the Series 2005A Authority Bonds and the Authority will not provide any such information. The Authority shall have no liability to the holders of the Series 2005A Authority Bonds with respect to the disclosure obligations undertaken by the District.

PLAN OF REFUNDING

The proceeds of the Series 2005A Authority Bonds will be applied (i) to advance refund a portion of the Series 1997A Authority Bonds, and (ii) to pay for costs of issuance incurred in connection with the issuance of the Series 2005A Authority Bonds and the Series 2005A District Bonds. See "THE SERIES 2005A AUTHORITY BONDS" and "ESTIMATED SOURCES AND USES OF FUNDS." The proceeds of the sale of the Series 2005A Authority Bonds to be applied to advance refund the Series 1997A Authority Bonds will be deposited into an Escrow Fund pursuant to an escrow agreement dated as of February 1, 2005 (the "Escrow Agreement") by and between the Authority and U.S. Bank National Association, as escrow holder (the "Escrow Holder"), which amounts, together with amounts transferred from certain funds held under the Prior Indenture, will be invested and reinvested in Government Obligations, as defined in the Indenture (the "Escrow Securities").

The Series 2005A Authority Bonds are being issued to advance refund the following Authority Bonds as set forth in this table below (the "Refunded Bonds") in order to achieve debt service savings.

Pursuant to Section 5506.9 of the Public Resources Code and the Order, in each of the first 20 years after the date an assessment is levied and collected, at least 80% (but not more than 85%) of all proceeds of Assessments collected by the District shall be used for capital outlay projects, including, but not limited to, the acquisition and improvement of real property and the servicing of bonds, notes or other evidences of indebtedness issued by the District. Pursuant to the Order, on an annual basis, not less than 15% (nor more than 20% as determined by the County Board of Supervisors) of all proceeds of Assessments collected by the District shall be set aside to be used only to maintain and service capital outlay projects funded with Assessments or proceeds of bonds, notes or other evidences of indebtedness issued by the District and not more than 5% of all proceeds of Assessments collected by the District may be used for costs of administration of the District. Under the District Indenture, all Assessments and the proceeds of any foreclosure proceedings attributable thereto, less the amounts deducted and set aside for service, maintenance and administrative expenses, are pledged to payment of principal of, premium, if any, and interest on the District Bonds on a parity basis, including the Series 2005A District Bonds (the "Pledged Assessments"). Pursuant to applicable law and the Order, the annual Assessments shall include an amount sufficient to provide for annual debt service on all outstanding Authority Bonds, including the Series 2005A Authority Bonds, subject to a maximum annual assessment, and shall be included on the regular County tax bills for parcels of property against which there are Assessments. See Appendix A — "THE DISTRICT – Rate and Method of Assessment" and "– Excerpts of Engineer's Report" and Appendix B — "SUMMARY OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS – The District Master Indenture."

The District's historic debt service coverage with respect to the Assessments and a summary of Projected Debt Service Coverage available to pay debt service on the Series 2005A Authority Bonds are set forth in Appendix A — "THE DISTRICT – Historical Debt Service Coverage" and "– Assessment Projection." A summary statement of the District's collections and delinquencies for fiscal years 1999-00 through 2003-04 with respect to the collection of the Assessments is set forth in Appendix A — "THE DISTRICT – Annual Assessment."

The District has no obligation to institute judicial foreclosure proceedings in the event of a delinquency by any particular property owner in the payments of Assessments, but has covenanted to take such actions with respect to such delinquencies as are consistent with the policy of the County regarding delinquent property taxes generally. Assessments constitute fixed liens on the parcels assessed within the District and do not constitute personal indebtedness of the respective owners of such lots and parcels. Accordingly, in the event of delinquency, proceedings may be conducted only against the real property securing the delinquent Assessment. Under the District Master Indenture, the District covenants that, unless otherwise required by applicable law, the District shall not take, or cause to be taken, any action that will result in the reduction of the amount of the levy of Pledged Assessments with respect to any Fiscal Year below an aggregate amount equal to 1.15 times the Maximum Annual Debt Service on all Outstanding District Bonds and any District Bonds that the District reasonably expects to be issued during the then-present Fiscal Year. See Appendix B — “SUMMARY OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS – The District Master Indenture” and Appendix A — “THE DISTRICT.”

Limited Obligation

The Series 2005A Authority Bonds are special, limited obligations of the Authority payable solely from certain payments received by the Authority from the District, which include Pledged Assessments, and certain funds and accounts held under the Indenture. Under the Indenture, payments of principal of, premium, if any, and interest on the Series 2005A District Bonds constitute “Pledged Revenues” with respect to the Series 2005A Authority Bonds. The District Bonds are limited obligations of the District payable from and secured principally by the Pledged Assessments and also all moneys deposited and held in the funds and accounts established under the District Indenture, and all interest, profits and other income received from the investment of the Pledged Assessments. Neither the Series 2005A Authority Bonds nor the Series 2005A District Bonds constitutes an indebtedness of the Authority, the County, the District, the State or any of its political subdivisions within the meaning of any constitutional or statutory debt limitation, or a pledge of the faith and credit of the County. The obligation of the Authority to pay principal of or interest on the Series 2005A Authority Bonds does not constitute an obligation of the Authority for which the Authority is obligated to levy or pledge any form of taxation or for which the Authority has levied or pledged any form of taxation. The Authority has no taxing power. See Appendix B — “SUMMARY OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS – The Master Indenture.”

Reserve Account

The 2005A Reserve Account will be established within the Reserve Fund held under the District Indenture in an amount equal, as of any date of calculation, to the least of (i) 10% of the original principal amount of the District Bonds, (ii) 125% of the average amount of principal and interest becoming due and payable on District Bonds during each full Fiscal Year after the date of calculation, or (iii) the greatest amount of principal and interest becoming due and payable on all District Bonds in any six calendar month period after the date of calculation. The initial deposit to the 2005A Reserve Account will be made from amounts available to the District under the Prior Indenture. See “ESTIMATED SOURCES AND USES OF FUNDS”. If on any interest payment date with respect to the Series 2005A District Bonds the amounts on deposit in the District Indenture to pay the principal of and interest due on the Series 2005A District Bonds are insufficient therefor, amounts in the 2005A Reserve Account shall be applied to make up such deficiencies. Deposits are required to be made to the 2005A Reserve Account to restore any deficiency therein from Pledged Assessments and Investment Earnings to the extent required under the District Indenture. See Appendix B — “SUMMARY OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS – The District Master Indenture – District Pledged Revenues and Funds – Reserve Fund; 2005A Reserve Account.”

At the option of the District, amounts required to be held in the 2005A Reserve Account may be initially provided or substituted, in whole or in part, by the deposit with the Fiscal Agent of a Reserve Fund Credit Policy in a stated amount equal to the amounts to be initially provided or so substituted, *provided* that prior to any substitution of such amounts held in the 2005A Reserve Account, the Rating Agencies shall have been notified of such proposed substitution and the substitution shall not result in a downgrading or withdrawal of any rating of any Authority Bonds or District Bonds then in effect by the Rating Agencies. See Appendix B — “SUMMARY OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS – The District Master Indenture – District Pledged Revenues and Funds – Reserve Fund; 2005A Reserve Account.”

Additional Bonds

Under the Master Indenture, the Authority may issue additional Authority Bonds for the purpose of refunding bonds previously issued by the Authority and of assisting the District with the financing of additional capital outlay projects and grants of the District set forth in the Order through the purchase of additional District Bonds. Under the District Indenture, the District may issue such additional District Bonds on a parity with the Outstanding District Bonds so long as, among other things, there shall first be delivered to the Fiscal Agent a certificate of the County certifying that, based upon a review of the books and records maintained by the District for each fiscal year, the product of (i) the total number of benefit points in the District as of the last day of the Fiscal Year ended next prior to the date on which such District Bonds are to be issued times (ii) 80% of the maximum dollar amount per benefit point at which Assessments are authorized to be levied in each Fiscal Year thereafter during which District Bonds are scheduled to be outstanding times (iii) the percentage, as certified by the Auditor-Controller of the County, of the County’s secured property tax levy for such prior Fiscal Year actually collected during such prior Fiscal Year, equals at least 1.15 times the Maximum Annual Debt Service in any Fiscal Year thereafter on all District Bonds to be Outstanding immediately subsequent to the issuance of the additional District Bonds. Under the District Indenture, the District may issue refunding bonds on a parity with outstanding District Bonds without meeting the test set forth above so long as a certificate of the County is delivered showing that the Annual Debt Service in each year on the refunding bonds of the District will not exceed the Annual Debt Service in each year that would have been payable with respect to the refunded bonds of the District had the refunding bonds of the District not been issued. See Appendix B — “SUMMARY OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS – The District Master Indenture.”

At the time of issuance of the Series 2005A District Bonds, the County will certify that the requirements to the issuance of the Series 2005A Authority Bonds and Series 2005A District Bonds have been met.

Investment of Funds and Accounts

Pursuant to the Order, Assessments shall be deposited by the Fiscal Agent into the Assessment Revenue Fund. Such funds are generally deposited into the County Treasury to the credit of the proper fund of the District and invested in accordance with County investment policies. See Appendix D — “THE LOS ANGELES COUNTY POOLED SURPLUS INVESTMENTS.” Pursuant to the Authority Indenture, moneys held by the Fiscal Agent in any fund or account under such indenture shall be invested in Permitted Investments pending application as provided therein. See Appendix B — “SUMMARY OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS – The District Master Indenture.”

CERTAIN RISK FACTORS

This Official Statement discusses many matters any one of which may have an impact on the security for the Series 2005A Authority Bonds and the Series 2005A District Bonds. This section highlights certain risks inherent in the transaction, but is not, and is not intended to be, a complete list or discussion of the risks associated with this transaction.

General

Pledged Assessments securing the District Bonds are determined annually based on the size and use of each parcel. A change in land use or improvements of property in the District caused by economic factors beyond the District's and the Authority's control, such as the complete or partial destruction of such property caused by, among other unforeseen events, an earthquake, other natural disaster or civil unrest, or the exemption of a property from taxation by reason of a transfer in ownership by a non-taxable entity such as the federal government or another public agency, could cause a reduction in the Pledged Assessments securing the District Bonds. Such reduction of Assessments could have an adverse impact on the District's ability to make timely payments of principal and interest on the District Bonds to the Authority and, accordingly, the Authority's ability to pay principal of and interest to holders of the Series 2005A Authority Bonds. Likewise, delinquencies in the payment of property taxes could have an adverse effect on the District's ability to make timely debt service payments to the Authority, and so effect the security of the Series 2005A Authority Bonds. The Authority has no power to levy and collect property taxes. See Appendix A — "THE DISTRICT."

Legislation or initiative measures impacting property, property tax allocation or the rate or rates of assessment may affect the security of the Series 2005A Authority Bonds. The implementation of any constitutional or legislative property tax decrease could reduce the Assessments, and accordingly, could have an adverse impact on the ability of the District to pay debt service on the District Bonds secured by the Pledged Assessments. There is no assurance that the California electorate or Legislature will not at some future time approve additional limitations which could adversely affect the security of the District Bonds.

Timing of Foreclosures

The District has no obligation to institute judicial foreclosure proceedings in the event of a delinquency by any particular property owner in the payments of Assessments, but has covenanted to take such actions with respect to such delinquencies as are consistent with the policy of the County regarding delinquent property taxes generally. Assessments are levied and collected with the County's general tax levy. Accordingly, the District anticipates collection and delinquency rates equivalent with the County's general tax levy. The County anticipates, based on current practice, that it will, on behalf of the District, foreclose any unpaid Assessment with delinquent general *ad valorem* taxes after the fifth year of delinquency. During the past five years, delinquency rates have ranged from a high of 3.88% in Fiscal Year 1999-00 to a low of 2.94% in Fiscal Year 2003-04. Revenue projections contained in this Official Statement have assumed the Fiscal Year 2002-03 delinquency rate of 3.27%, and a ten percent redemption penalty fee as well as an average annual delinquency interest rate of 9% and the County's existing assumptions regarding delinquency recovery rates of 91% over 5 years based on a "sliding scale" of 45% recovery for year one, 22% for year two, 11% for year three, 9% for year four, and 4% for year five. The actual County delinquency interest rate is 1.5% per month (or 18% annualized). A 9% delinquency interest rate assumption is premised on straight-line collections through the fiscal year. Thus, delinquency interest rates are 9% for collections of past due assessments during the first year, 18% for the second year, 27% for the third year, 36% for the fourth year and 45% for the fifth year.

Proposition 218

An initiative measure commonly referred to as the "Right to Vote on Taxes Act" or Proposition 218 ("Proposition 218") was approved by the voters of the State of California at the November 5, 1996 general election. Proposition 218 added Article XIII C ("Article XIII C") and Article XIII D to the California constitution. According to the "Title and Summary" of Proposition 218 prepared by the California Attorney General, Proposition 218 limits "the authority of local governments to impose taxes and property-related assessments, fees and charges."

Among other things, Section 3 of Article XIII states that ". . . the initiative power shall not be prohibited or otherwise limited in matters of reducing or repealing any local tax, assessment, fee or charge." On July 1, 1997, a bill was signed into law by the Governor of the State enacting Government Code Section 5854, which states that:

"Section 3 of Article XIII C of the California Constitution, as adopted at the November 5, 1996, general election, shall not be construed to mean that any owner or beneficial owner of a municipal security, purchased before or after that date, assumes the risk of, or in any way consents to, any action by initiative measure that constitutes an impairment of contractual rights protected by Section 10 of Article I of the United States Constitution."

Accordingly, although the matter is not free from doubt, it is likely that Proposition 218 has not conferred on the voters the power to repeal or reduce the Assessments if such reduction would interfere with the timely retirement of the Series 2005A Authority Bonds.

The Authority and the District are unable to predict whether and to what extent Proposition 218 may be judicially determined to be consistent with the United States Constitution or how its terms will be interpreted and applied by the courts. The Assessment is not subject to the procedures for imposing assessments under Proposition 218 because it was approved by a majority vote of the electorate prior to the effective date of Proposition 218. However, Proposition 218 purports to permit local initiative measures which could subject the Assessments to reduction, amendment or repeal. This initiative power is not limited by the terms of Proposition 218 and, absent the application of other legal authority, could result in a local initiative measure to retroactively reduce or repeal the Assessment. Such other legal authority includes Government Code Section 5854 discussed above and the prohibition of impairment of contracts under the contract clause of the United States Constitution. Other than any impact resulting from the exercise of this initiative power, presently neither the Authority nor the District believes that Proposition 218 will have any effect on the Assessment or the Series 2005A Authority Bonds.

Future Initiatives

Proposition 218 was adopted as a ballot measure that qualified for the ballot pursuant to the State's initiative process. From time to time, other initiative measures could be adopted, which may place further limitations on the ability of the State, the County or local districts, including the District, to increase revenues or to increase appropriations which may affect the District's revenues or its ability to expend its revenues.

No Acceleration Provisions

The Series 2005A Authority Bonds do not contain a provision allowing for the acceleration of either the Series 2005A Authority Bonds or the Series 2005A District Bonds in the event of a payment default or other default under the terms of the Series 2005A Authority Bonds or the Indenture.

Funds Invested in the County Treasury

On January 24, 1996, the United States Bankruptcy Court for the Central District of California held in the case of *County of Orange v. Merrill Lynch* that a State statute providing for a priority of distribution of property held in trust conflicted with, and was preempted by, federal bankruptcy law. In that case, the court addressed the priority of the disposition of moneys held in a county investment pool upon bankruptcy of the county and held that a state statute purporting to create a priority secured lien on a portion of such moneys was ineffective unless such moneys could be traced. Following payment of the Assessments, such funds may be invested in the name of the Fiscal Agent for a period of time in the County Treasury. See Appendix D – “THE LOS ANGELES COUNTY POOLED SURPLUS INVESTMENTS”. In the event of a petition for the adjustment of County debts under Chapter 9 of the Federal Bankruptcy Code, a court might hold that the Bondowners do not have a valid and/or prior lien on the Assessments where such amounts are deposited in the County Treasury and may not provide the Bondowners with a priority interest in such amounts. In that circumstance, unless the Bondowners could “trace” the funds that have been deposited in the County Treasury, the Bondowners would be unsecured (rather than secured) creditors of the County. There can be no assurance that the Bondowners could successfully so “trace” the Assessments.

Parity Obligations

The Assessment and any penalties thereon will constitute a lien against the lots and parcels of land on which they will be annually imposed until they are paid. Such lien is on parity with all special taxes and special assessments levied by other agencies and is co-equal to and independent of the lien for general property taxes regardless of when they are imposed upon the same property. The District, however, has no control over the ability of other entities and districts to issue indebtedness secured by special taxes or assessments payable from all or a portion of the property within the District. Such additional indebtedness, if issued, would be required to satisfy applicable statutory requirements with respect to the issuance of such indebtedness. Further, the landowners within the District may, without the consent or knowledge of the District, petition other public agencies to issue public indebtedness secured by special taxes or assessments. Any such special taxes or assessments will have a lien on such property on parity with the Assessment. Accordingly, the liens on the property within the District could increase materially without any corresponding increase in the value of the property within the District and thereby reduce the ratio that exists at the time the bonds are issued between the value of the property and the debt secured by the taxes and assessments thereon. Further, the imposition of additional indebtedness could reduce the willingness and the ability of the property owners within the District to pay the Assessments when due. See Appendix A – “THE DISTRICT – Overlapping Debt” herein.

Limitations on Remedies

The enforceability of the rights and remedies of the holders of the Series 2005A Authority Bonds and the Fiscal Agent, and the obligations incurred by the District as described herein, may be subject to the following: the federal bankruptcy code and applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws relating to or affecting the enforcement of creditors’ rights generally, now or hereafter in effect; usual equity principles which may limit the specific enforcement under State law of certain remedies; the exercise by the federal government of the powers delegated to it by the United States Constitution; and the reasonable and necessary exercise, in certain exceptional situations, of the police power inherent in the sovereignty of the State and its governmental bodies in the interest of serving a significant and legitimate public purpose. Bankruptcy proceedings, or the exercise of powers by the federal or state government, if initiated, could subject the holders of the Series 2005A Authority Bonds to judicial discretion and interpretation of their rights in bankruptcy or otherwise, and consequently may entail risks of delay, limitations, or modifications of their rights.

THE AUTHORITY

The Authority is a public agency duly organized and existing pursuant to a Joint Exercise of Powers Agreement (the "JPA Agreement") between the Los Angeles County Flood Control District and the County dated May 18, 1993, as amended by a Certificate of Amendment dated April 26, 1994 and a Certificate of Amendment dated October 22, 1996 to, among other things, include the District as a member. The Authority is statutorily authorized by Article 4 of Chapter 5 of Division 7 of Title 1 of the Government Code of the State of California and is empowered under the JPA Agreement to issue its bonds for the purposes of the plan of financing described herein. The debts, liabilities and obligations of the Authority shall not be the debts, liabilities and obligations of the members of the Authority, or any of them.

The Authority is administered by the members of the Board of Supervisors of the County acting *ex-officio* as the Board of Directors of the Authority. The Chair of the Board of Supervisors of the County, the Executive Officer-Clerk of the Board of Supervisors of the County, the Treasurer and Tax Collector of the County and the Auditor-Controller of the County shall act *ex-officio* as, respectively, the Chair, Secretary, Treasurer and Auditor-Controller of the Authority as provided in the JPA Agreement and pursuant to the California Government Code. All deputies or assistants of officers of the County shall be *ex-officio* deputies or assistants of such officers in their respective capacities as officers *ex-officio* of the Authority.

THE DISTRICT

The District was formed and the Assessments are levied pursuant to Sections 5538.9 and 5539.9 of the California Public Resources Code, the Order and the Landscaping and Lighting Act of 1972 (Sections 22500 *et seq.* of the California Streets and Highways Code). The District is governed by the County Board of Supervisors acting *ex-officio* as the Board of Directors of the District. The District's day-to-day operations are administered by the County Parks and Recreation Department (the "Department"). The District was established to improve the preservation of beaches, parks and wildlands, the construction, renovation and improvement of new and existing recreational facilities and the restoration of rivers, streams and trails in the County. The District's boundaries are coterminous with those of the County, encompass 4,083 square miles and contain approximately 2.2 million parcels. A full review of this Official Statement, including Appendix A — "THE DISTRICT," should be made by potential purchasers of the Series 2005A Authority Bonds.

TAX EXEMPTION

Opinion of Bond Counsel

In the opinion of Hawkins Delafield & Wood LLP, Bond Counsel to the Authority, under existing statutes and court decisions and assuming continuing compliance with certain tax covenants described herein, (i) interest on the Series 2005A Authority Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) interest on the Series 2005A Authority Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations. In rendering its opinion, Bond Counsel has relied on certain representations, certifications of fact, and statements of reasonable expectations made by the County and others in connection with the Series 2005A Authority Bonds, and Bond Counsel has assumed compliance by the County with certain ongoing covenants to comply with

applicable requirements of the Code to assure the exclusion of interest on the Series 2005A Authority Bonds from gross income under Section 103 of the Code.

In addition, in the opinion of Bond Counsel to the Authority, under existing statutes, interest on the Series 2005A Authority Bonds is exempt from personal income taxes imposed by the State of California.

Bond Counsel expresses no opinion regarding any other Federal or state tax consequences with respect to the Series 2005A Authority Bonds. Bond Counsel renders its opinion under existing statutes and court decisions as of the issue date, and assumes no obligation to update its opinion after the issue date to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise. Bond Counsel expresses no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for Federal income tax purposes of interest on the Series 2005A Authority Bonds, or under state and local tax law.

Certain Ongoing Federal Tax Requirements and Covenants

The Code establishes certain significant ongoing requirements that must be met subsequent to the issuance and delivery of the Series 2005A Authority Bonds in order that interest on the Series 2005A Authority Bonds be and remain excluded from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to use and expenditure of gross proceeds of the Series 2005A Authority Bonds, yield and other restrictions on investments of gross proceeds, and the arbitrage rebate requirement that certain excess earnings on gross proceeds be rebated to the Federal government. Noncompliance with such requirements may cause interest on the Series 2005A Authority Bonds to become included in gross income for Federal income tax purposes retroactive to their issue date, irrespective of the date on which such noncompliance occurs or is discovered. The County has covenanted to comply with certain applicable requirements of the Code to assure the exclusion of interest on the Series 2005A Authority Bonds from gross income under Section 103 of the Code.

Certain Collateral Federal Tax Consequences

The following is a brief discussion of certain collateral Federal income tax matters with respect to the Series 2005A Authority Bonds. It does not purport to address all aspects of Federal taxation that may be relevant to a particular owner of a Series 2005A Authority Bond. Prospective investors, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the Federal tax consequences of owning and disposing of the Series 2005A Authority Bonds.

Prospective owners of the Series 2005A Authority Bonds should be aware that the ownership of such obligations may result in collateral Federal income tax consequences to various categories of persons, such as corporations (including S corporations and foreign corporations), financial institutions, property and casualty and life insurance companies, individual recipients of Social Security and railroad retirement benefits, individuals otherwise eligible for the earned income tax credit, and taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is not included in gross income for Federal income tax purposes. Interest on the Series 2005A Authority Bonds may be taken into account in determining the tax liability of foreign corporations subject to the branch profits tax imposed by Section 884 of the Code.

Legislation affecting municipal bonds is regularly under consideration by the United States Congress. There can be no assurance that legislation enacted or proposed after the date of issuance of the

Series 2005A Authority Bonds will not have an adverse effect on the tax-exempt status or market price of the Series 2005A Authority Bonds.

Original Issue Discount

“Original issue discount” (“OID”) is the excess of the sum of all amounts payable at the stated maturity of a Series 2005A Authority Bond (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates) over the issue price of that maturity. In general, the “issue price” of a maturity means the first price at which a substantial amount of the Series 2005A Authority Bonds of that maturity was sold (excluding sales to bond houses, brokers, or similar persons acting in the capacity as underwriters, placement agents, or wholesalers). In general, the issue price for each maturity of Series 2005A Authority Bonds is expected to be the initial public offering price set forth on the cover page of this Official Statement. Bond Counsel further is of the opinion that, for any Series 2005A Authority Bonds having OID (a “Discount Bond”), OID that has accrued and is properly allocable to the owners of the Discount Bonds under Section 1288 of the Code is excludable from gross income for federal income tax purposes to the same extent as other interest on the Series 2005A Authority Bonds.

In general, under Section 1288 of the Code, OID on a Discount Bond accrues under a constant yield method, based on periodic compounding of interest over prescribed accrual periods using a compounding rate determined by reference to the yield on that Discount Bond. An owner's adjusted basis in a Discount Bond is increased by accrued OID for purposes of determining gain or loss on sale, exchange, or other disposition of such Bond. Accrued OID may be taken into account as an increase in the amount of tax-exempt income received or deemed to have been received for purposes of determining various other tax consequences of owning a Discount Bond even though there will not be a corresponding cash payment.

Owners of Discount Bonds should consult their own tax advisors with respect to the treatment of original issue discount for Federal income tax purposes, including various special rules relating thereto, and the state and local tax consequences of acquiring, holding, and disposing of Discount Bonds.

Bond Premium

In general, if an owner acquires a Series 2005A Authority Bond for a purchase price (excluding accrued interest) or otherwise at a tax basis that reflects a premium over the sum of all amounts payable on the Series 2005A Authority Bond after the acquisition date (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates), that premium constitutes “bond premium” on that Bond (a “Premium Bond”). In general, under Section 171 of the Code, an owner of a Premium Bond must amortize the bond premium over the remaining term of the Premium Bond, based on the owner's yield over the remaining term of the Premium Bond, determined based on constant yield principles (in certain cases involving a Premium Bond callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on such bond). An owner of a Premium Bond must amortize the bond premium by offsetting the qualified stated interest allocable to each interest accrual period under the owner's regular method of accounting against the bond premium allocable to that period. In the case of a tax-exempt Premium Bond, if the bond premium allocable to an accrual period exceeds the qualified stated interest allocable to that accrual period, the excess is a nondeductible loss. Under certain circumstances, the owner of a Premium Bond may realize a taxable gain upon disposition of the Premium Bond even though it is sold or redeemed for an amount less than or equal to the owner's original acquisition cost. Owners of any Premium Bonds should consult their own tax advisors regarding the treatment of bond premium for Federal income tax purposes, including various special rules relating thereto, and state and

local tax consequences, in connection with the acquisition, ownership, amortization of bond premium on, sale, exchange, or other disposition of Premium Bonds.

RATINGS

Moody's Investors Service and Standard & Poor's Ratings Services have assigned their municipal bond ratings of "____" and "____," respectively, to the Series 2005A Authority Bonds. Such ratings

reflect only the view of such organizations and an explanation of the significance of such ratings may be obtained from them as follows: Moody's Investors Service, 99 Church St., New York, New York 10007, (212) 553-0300 and Standard & Poor's Ratings Service, 55 Water Street, New York, New York 10041, (212) 438-2124. There is no assurance that such ratings will continue for any given period of time or that they will not be revised downward or withdrawn entirely by such rating agencies, if in the judgment of such rating agencies circumstances so warrant. Any such downward revision or withdrawal of such ratings may have an adverse effect on the market price of the Series 2005A Authority Bonds.

The Underwriters have agreed to purchase the Series 2005A Authority Bonds at a price of \$_____ (which represents the aggregate principal amount of the Series 2005A Authority Bonds, plus premium net of original issue discount, less Underwriters' discount). THE DISTRICT

Description of the District. The District was formed and the annual Assessment is levied pursuant to Sections 5538.9 and 5539.9 of the California Public Resources Code, the Order (as defined below) and the Landscaping and Lighting Act of 1972 (Sections 22500 *et seq.* of the California Streets and Highways Code). On November 3, 1992, the District was established in accordance with Section 5539.9 of the California Public Resources Code and the Initial Assessment (as defined below) was approved by a majority of the voters voting on the Safe Neighborhood Parks proposition of 1992. The District was established to improve the preservation of beaches, parks and wildlands; the construction, renovation and improvement of new and existing recreational facilities; and the restoration of rivers, streams and trails in the County. The District's boundaries are coterminous with those of the County, encompass 4,083 square miles and contain approximately 2.2 million parcels.

Pursuant to the Order (as defined below) and applicable law, the District is governed by the County Board of Supervisors acting *ex-officio* as the Board of Directors of the District. The District's day-to-day operations are administered by the County Department of Parks and Recreation (the "Department"). The Department is responsible for the administration and funding of the District's programs and operations. In this capacity, the Department has coordinated the levy of the Assessment as well as the establishment of its accounting and budgetary systems. The Department has developed policies and procedures governing the application for and allocation of funds for Specified Projects, Competitive Grant Projects, and Per-Parcel Discretionary Projects.

Description and Purpose of the Assessments. The District's primary revenue source is the Assessments which are levied annually on each of the approximately 2.2 million parcels within the District's boundaries, except for uninhabited agricultural lands, cemeteries, utilities and other exempt parcels. The District was formed and the levy of the maximum annual initial assessment within the District was established at \$9.39 per benefit point (the "Initial Assessment") pursuant to an official act of the County Board of Supervisors as set forth in its Order of March 17, 1992 (the "1992 Order"). The Initial Assessment was approved by 63.9% of voters within the County voting on the matter on November 3, 1992. The 1992 Order was amended by a resolution of the County Board of Supervisors adopted on June 18, 1996 (the "Resolution") to establish the levy of an additional maximum annual assessment at \$5.07 per benefit point (the "Additional Assessment" and, together with the Initial Assessment, the "Assessment"). The Additional Assessment was approved by 65.1% of voters within the County voting on the matter on November 5, 1996. The Resolution supplements the 1992 Order to provide for additional capital outlay projects, including, but not limited to, the acquisition and improvement of real property to benefit the District comparable to those adopted in the 1992 Order. However, the Resolution amended the 1992 Order and the Initial Assessment "to the extent and with the effect that the portion of any vacant parcel of land, and the vacant portion of any partially improved parcel of land, in excess of two and one-half acres (2.5) shall not be assessed." To clarify any inconsistencies between the 1992 Order and the Resolution, the Resolution provides that the method of assessment with respect to both the Initial Assessment and the Additional Assessment be identical in all respects; any such discrepancies, differences or variations in the method of assessment shall be resolved in favor of the Final Engineer's Report as hereinafter defined with respect to the Additional Assessment. Finally, the Resolution "capped" the Assessment at \$14.46 per benefit point per year. See "Rate and Method of Assessment." The 1992 Order, as amended by the Resolution (the "Order") provides that a minimum of 80% (but not more than 85%) of all proceeds of annual Assessments collected by the District shall be used for capital outlay projects, including, but not limited to, the acquisition and

improvement of real property and the servicing of bonds, notes or other evidences of indebtedness issued by the District.

Pursuant to the Order, the Initial Assessment and the Additional Assessment are levied for a period of twenty-two (22) years beginning with the fiscal year in which such assessment, respectively, was first levied and collected by the District, subject to a maximum annual assessment per benefit point. See "Rate and Method of Assessment" and "Excerpts of Engineer's Report" below. The Initial Assessment was first levied in Fiscal Year 1993-94 and the Additional Assessment was first levied and collected in Fiscal Year 1997-98. With respect to Fiscal Year 2003-04, approximately \$78,810 million of Initial and Additional Assessments were collected. See "Rate and Method of Assessment," "Historical Debt Service Coverage" and "Projected Debt Service Coverage" below.

Proceeds of the annual Assessments will be used as follows: (i) a minimum of 80% shall be used either to directly pay the costs of Projects authorized pursuant to the Order or to pay debt service on bonds, notes or other evidence of indebtedness issued therefor, (ii) not less than 15% (nor more than 20% as determined by the County Board of Supervisors) of all proceeds of Assessments levied and collected by the District shall be set aside to pay costs of maintaining and servicing Projects funded either with assessments or with proceeds of bonds, notes or other evidences of indebtedness issued by the District and for other purposes set forth in the Order, and (iii) no more than 5% shall be available for the payment of actual administrative costs associated with carrying out the purposes of the Order by the District. These annual Assessments (exclusive of the amounts retained by the County for its expenses in administering the District and the amounts set aside in accordance with the Order in the servicing and maintenance fund established pursuant to the Order, which amounts are retained by the County and the District, respectively) are to be paid into the Debt Service Fund held under the District Indenture to the extent necessary to make scheduled debt service payments on the Outstanding District Bonds.

Budget. The District's budget and accounting systems have been structured in accordance with the revenue flow and accounting requirements provided in the Order. Assessment revenues and interest earnings will initially be deposited into the District's Assessment Revenue Fund and distributed in the following manner:

- A minimum of 80% of the Assessments will be used for the payment of debt service or direct, capitalized costs incurred on approved Projects;
- not less than 15% (nor more than 20% as determined by the County Board of Supervisors) of all proceeds of Assessments levied and collected by the District will be used for the maintenance and servicing of completed Projects; and
- Up to 5% of the Assessments will be used to pay for the District's ongoing administrative expenses.

Separate accounts have been established within the Project Fund established under the District Indenture to account for each project and bond issue to assist in the monitoring of the District and the Authority's program expenditures and the calculation of rebate liabilities. Financial statements on the District's operations and transactions are prepared annually and audited by an independent auditor. Rate and Method of Assessment. The rate and method of apportionment for use in levying the Assessment for various categories of property is as set forth in the Final Engineer's Report for County of Los Angeles Landscaping and Lighting District No. 92-1, Additional Assessment Changes and Modifications, which was adopted by the Board on June 18, 1996 (as amended, the "Final Engineer's Report"). Pursuant to the Final Engineer's Report, the level of each Assessment is based on the size and use of each parcel and the resulting benefit each parcel will receive from the proposed Projects. The estimation of such benefit is quantified in benefit points. The annual rate of each Assessment may not exceed \$9.39 per benefit point (pursuant to the 1992 Order and Initial Assessment) and \$5.07 per benefit point (pursuant to the Order and Additional Assessment). The Assessment for any parcel will consequently equal the annual rate determined by the Board of Supervisors multiplied by the number of benefit points applicable to each parcel. The 2003-04 Assessment for a single family residence on a median sized parcel is [\$_____] (based on 1.333 benefit points). Excerpts of the Final Engineer's Report are set forth below under the caption "Excerpts of Engineer's Report."

The overall level of the District's Assessment will increase as parcels are subdivided and vacant property is developed. Properties owned by public agencies, such as cities, the County, the State or the federal government, will not be assessed except when such property is not devoted to a public use. Rights-of-way owned by utilities, railroad operating rights-of-way, uninhabited agricultural lands, cemeteries and certain other properties are also exempt from the Assessments. Individuals who qualify for the California Property Tax Postponement Program (Section 20581 *et seq.* of the California Revenue and Taxation Code), which generally provides for the postponement of certain payments by individuals 62 years of age or older of property taxes attributable to residential dwellings, may also qualify for postponement of payment of Assessments levied by the District.

In the event of any allegation of errors of Assessment, including circumstances that do not precisely fit the intent of the Order, such alleged errors are reported to a committee appointed by the County Board of Supervisors. The function and authority of this committee is to recommend corrections or adjustments that are consistent with the concept, intent and parameters of the Order and the District's program of levying and collecting the Assessment. Unless the committee's proposed corrections and adjustments are appealed to the County Board of Supervisors, they are incorporated into the Assessment roll.

The Assessments actually levied for the current year, by the type of land use, are comprised as follows:

**ASSESSMENT LEVY BY TYPE OF LAND USE
For the 2004-05 Annual Assessment**

No single taxpayer is responsible for more than ___% of the annual Assessment. In the aggregate, the top ___ taxpayers account for less than 1% of the 2003-04 Annual Assessment.

Annual Assessment. The Assessment is collected in semi-annual installments on the County's tax roll on which general taxes on real property are collected. Each Assessment is payable and becomes delinquent at the same time and bears the same rate of penalty and interest after delinquency as do general property taxes in the County, and the property upon which each Assessment is levied is subject to the same provisions for sale and redemption as are properties for nonpayment of such taxes. Taxpayers are obligated to pay the total of general and specific tax levies appearing on County tax bills; partial payments of the total tax levy are applied *pro rata* among all individual taxes appearing on the tax bill. The District has covenanted in the District Master Indenture that, unless otherwise required by applicable law, it shall not take, or cause to be taken, any action that would result in the reduction in the amount of the levy of Pledged Assessments with respect to any Fiscal Year below an aggregate amount equal to 1.15 times the Maximum Annual Debt Service on all Outstanding District Bonds and any District Bonds that the District reasonably expects to issue during the then present Fiscal Year.

Pursuant to the District Master Indenture, the District shall not directly or indirectly extend or defer the payment of any Pledged Assessments if, following such extension or deferral, the value of the Pledged Assessments not subject to such extension or deferral would be less than 1.15 times the Maximum Annual Debt Service on all Outstanding District Bonds theretofore issued. This restriction does not, however, limit the District's ability to defer Assessments pursuant to Section 170 and 1994-5 of the California Revenue and Taxation Code and Chapter 4.64 of the Los Angeles County Code. See Appendix B - "SUMMARY OF CERTAIN PROVISIONS OF THE LEGAL DOCUMENTS - The District Master Indenture - Covenants of the District."

The District has no obligation to institute judicial foreclosure proceedings in the event of a delinquency by any particular property owner in the payments of Assessments, but has covenanted to take such actions with respect to such delinquencies as are consistent with the policy of the County regarding delinquent property taxes generally. Assessments are levied and

collected with the County's general tax levy. Accordingly, the District anticipates collection and delinquency rates equivalent with the County's general tax levy. The County anticipates, based on current practice, that it will, on behalf of the District, foreclose any unpaid Assessment with delinquent general, *ad valorem* taxes after the fifth year of delinquency. During the past five years, delinquency rates have ranged from a high of 3.88% in Fiscal Year 1999-00 to a low of 2.94% in Fiscal Year 2003-04. Revenue projections contained in this Official Statement have assumed the Fiscal Year 2002-03 delinquency rate of 3.27%, and a ten percent redemption penalty fee as well as an average annual delinquency interest rate of 9% and the County's existing assumptions regarding delinquency recovery rates of 91% over 5 years based on a "sliding scale" of 45% recovery for year one, 22% for year two, 11% for year three, 9% for year four, and 4% for year five. The actual County delinquency interest rate is 1.5% per month (or 18% annualized). A 9% delinquency interest rate assumption is premised on straight line collections through the fiscal year. Thus, delinquency interest rates are 9% for collections of past due assessments during the first year, 18% for the second year, 27% for the third year, 36% for the fourth year and 45% for the fifth year.

The following table provides a summary statement of the District's Assessment levies and collections for Fiscal Years 1999-00 through 2003-04 with respect to the collection of Assessments which were applied to debt service on the Outstanding District Bonds.

Assessments constitute fixed liens on the parcels assessed within the District and do not constitute personal indebtedness of the respective owners of such lots and parcels. Accordingly, in the event of delinquency, proceedings may be conducted only against the real property securing the delinquent Assessment. The District has no obligation to institute judicial foreclosure proceedings in the event of a delinquency by any particular property owner in the payments of Assessments, but has covenanted to take such actions with respect to such delinquencies as are consistent with the policy of the County regarding delinquent property taxes generally. Under the District Master Indenture, the District has covenanted that, unless otherwise required by applicable law, the District shall not take, or cause to be taken, any action that will result in the reduction of the amount of the levy of Pledged Assessments with respect to any Fiscal Year below an aggregate amount equal to 1.15 times the Maximum Annual Debt Service on all Outstanding District Bonds and any District Bonds that the District reasonably expects to

be issued during the then-present Fiscal Year. See Appendix B - "SUMMARY OF LEGAL DOCUMENTS - The District Master Indenture."

Projected Debt Service Coverage. Estimated Assessments available to pay debt service on the Series 2005A District Bonds, and accordingly, the Series 2005A Authority Bonds, are based upon certain assumptions with regard to the land use, level of development and improvements and percentage of Assessments collected, the amount available for investment and the interest rate at which funds are invested. See "Assessment Projection" below. In order to estimate the total revenues available to pay debt service on the Series 2005A District Bonds, the

District has made certain assumptions with regard to the land use, level of development and improvement valuations and percentage of Assessments collected, the amount available for investment and the interest rate at which funds are invested. The District's revenue projection set forth in the table below is based on an Initial Assessment of approximately \$50.9 million in accordance with the 1992 Order and an Additional Assessment of approximately \$27.5 million starting in Fiscal Year 2004-05 in accordance with the Resolution with projections through Fiscal Year 2018-19, and incorporates the following assumptions: (1) future benefit point growth of .283% per year for residential properties and 1.233% per year for commercial/industrial properties with growth based on annual historic compounding, of the respective categories of properties, for the period between Fiscal Year 1996-97 through Fiscal Year 2003-04; (2) an annual investment earnings rate of 1.25% per annum; and (3) a 3.27% per annum delinquency rate with a recovery rate of 91% over a five year period. The District believes these assumptions to be reasonable, but to the extent the Assessment collected or the amount of funds available for investment or the interest rate at which funds are invested are less than the District's assumptions, the total Assessment available to pay debt service on the Series 2005A District Bonds and any other outstanding District Bonds may be less than projected.

Excerpts of Engineer's Report. The following are summary excerpts from the Final Engineer's Report, as amended June 18, 1996, Section V, "Rate and Method of Assessment." Such excerpts are not to be considered a full description of the text of the Final Engineer's Report.

General. The Landscaping and Lighting Act of 1972 provides that assessments may be apportioned by any formula or method which fairly distributes the assessment among all assessable lots or parcels in proportion to the estimated benefits to be received by each lot or parcel from the improvements.

Benefit to Property from Park and Recreation Facilities. Studies in a number of communities, including counties and cities throughout the United States, have indicated that recreation areas and facilities, if well maintained and wisely administered, have caused a marked increase in property values of parcels in the community. Consequently, such recreation and park facilities have proved a potent factor in maintaining a sound economic condition and a high standard of livability in the community. These studies confirm the opinion long held by planning authorities as to the economic value of open space in a community.

Property values in a community are increased when public infrastructure such as parks, open space and recreation facilities are in place, improved, operable, safe, clean and maintained. Facilities that are unsafe or destroyed by the elements or vandalism decrease surrounding property values. Park and recreation facilities are less likely to attract crime if they are well lit, clean and maintained. Clean and safe parks increase public safety, help to reduce crime and enhance the overall quality of life and desirability of an area. Property values in an area also increase when there is an increase in the number of parks, recreation centers, trail systems, sports facilities and open space areas. Conversely, property values decrease when park and recreation facilities are in disrepair, old, unsafe, unclean and unusable.

The improvements to be funded by the District are acquisition, development, improvement and restoration projects for park, recreation, community centers, museum, beach and open space purposes. These improvement projects include: regional facilities which benefit the entire District; regional facilities which benefit large areas of the District; and neighborhood facilities which benefit smaller, local areas of the District. The improvements are distributed between these different categories of regional use to ensure that all areas of the District will benefit. Funds for improvements are also distributed throughout all geographic areas of the District, and between all of the cities and the unincorporated area of the County.

Specific criteria were established to identify regional park and recreation projects throughout the County which would benefit all areas of the District. Each specific project was required to be environmentally sound, regionally significant and strongly supported; each project also had to show documentation of regional significance and regional use. The regional significance of each project was required to be documented through:

- evidence that the project is a significant natural resource;
- letters or studies documenting the regional use of the proposed project by surrounding communities;
- evidence that the project is or will be made available or advertised on a regional basis; and
- evidence that the project is the only one of its kind in the surrounding region.

All eighty-eight incorporated cities located in the District were contacted by the Department and over seventy cities in the District, county departments, civic leaders and citizen organizations participated in the process to identify specific regional park, recreation and open space projects. All of the specific improvements (Projects, as defined herein) meet the established criteria and hundreds of letters were received documenting the regional significance of the specific improvement projects located within cities.

Regional projects, by their definition, are of area-wide benefit; therefore, the regional facilities in the County cumulatively benefit all properties within the District. As described above, the local projects are distributed throughout the proposed District and are of regional significance. The acquisition, improvement, and restoration of both local and regional parks, beaches and open space lands and recreation facilities are distributed throughout the proposed District and therefore are of direct and specific benefit to all parcels within the District. All areas benefit equally from the proposed improvements with benefit to parcels varying with their land use.

Benefit Points. To establish the benefit to the individual parcels with their varying land uses a benefit point system is used. Each parcel is assigned benefit points in proportion to the benefit the property receives. The number of points are then divided into the annual revenue requirement necessary to fund the proposed parks, recreation areas and open space improvements to determine the dollar value of benefit for each point. Since the number of benefit points for each parcel has been established, the benefit obligation for each parcel is established and thus the amount of assessment for each parcel is established.

Land Value Benefit. In order to fairly allocate benefit from the proposed improvements to parcels throughout the District, it is necessary to address the benefits to land and to land use. The benefit received by land varies as land varies in size. It was found that larger parcels benefit more than smaller parcels. The benefit point system is based on establishing separately the benefit for each of two elements, land value and land use. To facilitate this procedure, the median single-family home is used as a standard to which all other properties are related. The median single-family home in the County is located on a lot of approximately 1/7 of an acre in areas with the relative valuation between the home and the lot being 75% and 25% respectively. This relative valuation is based upon the opinion of professional appraisers, appraising current market property values for real estate in Southern California. The land value portion typically ranges from 20 to 30 percent; the Final Engineer's Report used approximately 25 percent. This evaluation is based upon current market values, not on assessed values which are skewed by the impact of Proposition 13.

The lot, therefore, has 1/3 the value of the improvement ($.25 \div .75$). Assigning one benefit point to a house as the standard and using the 1/3 ratio, the lot would then represent 1/3 benefit point, see the discussion on "Land Use (Improvement) Benefits" below where one benefit point is assigned to a single-family house. As stated above, the median single-family home is located on a lot of approximately 1/7 of an acre; therefore, the median density for single-family residential property in the County is 7 units per acre, thus the benefit point for the typical acre occupied by single-family homes would be $7 \times 1/3$, or 2.33 benefit points per acre. This 2.33 benefit points per acre is used as the basis for assessing the land value benefit to all assessable parcels within the District.

Land Use (Improvement) Benefit. That portion of the benefit that is associated with land use or improvement value will, of course, vary with the type of land use. This benefit for land use is condensed and segregated into three categories below, and each category is assigned

portions of a benefit point (BP) relative to the percentage of improvement value it provides (see discussion under "Benefit to Property from Park and Recreation Facilities" above).

- 1) Economic Value: The increase to improved property value due to increased economic activity and health, expanded employment opportunities and increased capacity to draw business, home buyers, renters, tourists, etc., to the District ----- 50BP
- 2) Environmental Quality: The increase to improved property value due to the improved quality of air, water, visual aesthetics, attractiveness of the District as a place to live and work, etc. .25BP
- 3) Recreation Enhancement: The increase to improved property value due to the availability of useable and safe parks, beaches, and recreation facilities. ----- .25BP

Land use is designated and classified in accordance with the Los Angeles County Assessor's codes as of the date of the Final Engineer's Report. Benefits to land uses vary; therefore, the above factors are assigned to each land use classification.

Single-Family Residence. A single-family residence receives all three of the above benefits, therefore 1.0 BP is assigned to each single-family residence. The land upon which the home is located receives a separate benefit which is 2.33 times the acreage of the lot upon which the home is situated. The benefit to a typical single-family residence is the summation of these two, i.e., one plus 2.33 times the area of the parcel in acres.

To assess land use benefit equitably, it is necessary to relate the different parcel classifications to each other. Using one benefit point for a single-family residential unit, all other uses are related to this land use.

Multiple-Residential and Mobile Home. Multiple-residential and mobile home land use equivalencies are reduced by multiplying the number of home units on each parcel by .75 and .50, respectively, due to the relative population density of these types of dwelling units compared to the typical density of single-family units. Studies have consistently shown that an apartment unit impacts infrastructure approximately 75% as much as a single family residence, and mobile homes impact infrastructure approximately 50% (Sources: Institute of Transportation Engineers Informational Report Trip Generation, Fifth Edition, 1991. Metcalf and Eddy, Wastewater Engineering Treatment Disposal Reuse, Third Edition, 1991). The reduced impact on park and recreational facility use by residents of multiple-residential and mobile homes results in a lesser enhancement per unit to property values. Therefore, the Economic Value, Environmental Quality, and Recreation Enhancement benefit points for multiple-residential and mobile homes have been uniformly reduced to 75% and 50%, respectively.

The benefit points assigned to a multiple-residential or a mobile home parcel for the Land Use (Improvement Value) portion of the assessment are calculated based on the number of house units and the appropriate benefit point per house unit. The benefit points for multiresidential (.75) are multiplied by the number of dwelling units on the parcel to determine the total Land Use (Improvement Value) benefit points for the parcel. The total Land Use (Improvement Value) benefit points for a mobile home parcel is calculated by multiplying the benefit point per home unit (.50) by the number of units on the parcel. The benefit points for the land value portion of the assessment are calculated by multiplying the land area in acres by 2.33 benefit points per acre. These two amounts are then added together to obtain the total number of benefit points for the parcel.

Commercial/industrial - Other. For determining the land use benefit points to be assigned for properties in commercial/industrial use, these properties are first related to the basic single-family unit. The median home in the District has a lot size of approximately 1/7 of an acre, therefore the typical single-family residential density is seven dwelling units per acre. All properties that are developed for commercial/industrial are thus assigned seven benefit points per acre for the land use portion of the parcel. Each land use category of commercial/industrial property is then evaluated as to whether or not the three components of the land use benefit point (i.e., Economic Value, Environmental Quality and Recreation Enhancement) applies to the particular land use category.

Commercial/industrial properties that have been found to receive the same benefits as residential properties from increased economic activity and health, expanded employment opportunities and increased capacity to attract business as residential properties receive .50 BP for Economic Value, as do residential properties. Certain commercial/industrial properties, such as warehouses, storage facilities and mineral processing, mining and petroleum facilities, receive no economic benefit because these properties receive negligible benefit, if any, from park and recreation improvements. All commercial/industrial properties benefit from increased environmental quality as a result of the improvements; therefore, all commercial/industrial properties are assigned a factor of .25 BP for Environmental Quality. Those properties which are used by or which serve people are benefited by improved and increased park and recreational facilities; these properties are assigned a factor of .25 BP for Recreational Enhancement.

Additionally, a higher level of use for commercial/industrial property is identified when a structural improvement has multiple stories or occupies a greater percentage of the parcel than that which is the norm. To account for this, the benefit points for the property use is multiplied by a number which is proportional to the intensity of the structural improvements contained on the property.

The typical coverage of commercial/industrial parcel with a structure is 33%. Using this as the standard, the square footage of a structural improvement on a parcel, as this value is set forth in the Los Angeles County Assessor's records or as determined through appeal, is divided by one-third of the area of the parcel in square feet. The number then becomes proportional to the intensity of development on the parcel and represents an equivalent number of stories that may be found on a parcel. For the purpose of identifying this factor, it is set forth as "equivalent stories" in the benefit point equation. A minimum of one "equivalent story" will be applied to any improved (non-vacant) commercial/industrial property.

A paved lot which is used exclusively for parking and which does not have a structural improvement on the parcel will be assigned one equivalent story.

When a commercial/industrial building and a parking lot structure are located on one parcel, the improved square footage of the parking structure will be added to the improved square footage of the commercial/industrial building, resulting in the total improved square footage used to calculate equivalent stories.

Vacant Property. Vacant property has no Land Use Benefits associated with it. Even if a vacant parcel is designated as commercial/industrial or residential, it receives no additional benefits because of its designation as there are no improvements constructed upon it; therefore, vacant property receives only Land Value Benefit of 2.33 benefit points per acre.

The Land Value benefit received by property varies as the property varies in size. However, there is a decreasing marginal utility to the benefit vacant land receives from parks, recreation facilities and open space that results in a benefit limit to larger vacant parcels. As vacant parcels increase in size, the vacant portion of a larger parcel functionally serves as open space. Consequently, as a basis for this limitation, a vacant parcel will not be assigned more benefit points than the total benefit points assigned to an acre of median single-family residence parcels. As vacant parcels increase in size beyond 2.5 acres, the marginal benefit they receive from parks improvements is negligible. Therefore the portion of any vacant parcel in excess of 2.5 acres shall not be subject to the assessment. The maximum benefit points that will be assigned to a vacant parcel is 5.83 (2.33 BP's x 2.5 acres).

This finding modifies and amends the finding stated in the 1992 Engineer's Report that vacant parcels up to 5 acres benefited. To the extent that present conclusions are inconsistent with previous findings, present findings are regarded as more accurately reflecting the benefits received.

In addition, the unused portion of any partially improved single parcel that is in excess of 2.5 acres will not be assessed. Such parcels that are partially improved will often appear on the Assessor's roll as improved. Those parcels that are found to be partially improved after review will have their assessments revised per this report.

Exempt Properties. Several land uses were determined to be exempt from the assessment because they either do not benefit from the proposed improvements or they have restricted uses that would not be in the public interest to acquire in the event of foreclosure. Examples are common areas, open spaces, green belts, sliver parcels, and public properties. Also exempt by law, are parcels designed as uninhabited and non-vacant agricultural and timber property.

Modifications. It is recognized, that when dealing with the millions of parcels that will be part of this Assessment District, using the information on the Los Angeles County Assessor's Roll as the primary source for the assessment formula may lead to some errors and some circumstances that do not precisely fit the intent of this program.

Where such circumstances are discovered, either by the persons administering this program, or by the owners of the properties affected, such circumstances shall be reported to a committee appointed by the Board of Supervisors. The function and the authority of the committee will be to recommend such corrections or adjustments with such proposed changes being consistent with the concept, intent and parameters of the District's program of levying and collecting the Assessments. Unless such proposed changes are appealed to the Board of Supervisors, they will be incorporated into the assessment roll.

The total assessment to be levied on each parcel shall be the annual assessment per parcel times the number of years over which assessment will be levied. The annual assessment for each parcel shall remain in effect until the characteristics which affect the property's benefit points are updated, at which time the assessment for that parcel will be recalculated.

Financial Reports and Certifications. The District is required to prepare annual financial statements, which are prepared by the District and audited by independent certified public accountants. Certain information contained in this Official Statement was obtained from such reports. In addition, the District is required to report annually to the Board of Supervisors the status of completion of Projects. The District's audited financial statements for the year ended June 30, 2004, and other reports, are

available from the District upon request as set forth in the Official Statement under the caption "Additional Information."

Overlapping Debt. The District contains numerous municipalities, school districts, and special purpose districts which have issued general obligation bonded indebtedness, which is set forth on the statement below. Some of the indebtedness may be payable from self-supporting enterprises of revenue sources other than property taxation. Revenue bonds, tax allocation bonds and special assessment bonds are not included in this statement; lease revenue obligations payable from general fund or equivalent sources are included in this statement.

(iii) a failure by the Authority to observe and perform any covenant, condition, agreement or provision (other than as specified in clauses (i) and (ii) above) contained in the Authority Bonds or in the Master Indenture on the part of the Authority to be observed or performed, which failure shall continue for a period of 30 days after written notice, specifying such failure and requesting that it be remedied, shall have been given to the Authority by the Fiscal Agent; provided, however, that the Fiscal Agent shall be deemed to have agreed to an extension of such period to the extent that and so long as corrective action is initiated by the Authority within such period and is being diligently pursued;

(iv) the occurrence of any other Event of Default as may be provided in a Supplemental Indenture.

Upon its actual knowledge of the occurrence of any Event of Default, the Fiscal Agent shall immediately give written notice thereof to the Authority.

Remedies. Upon the occurrence and continuance of any Event of Default specified in (i) or (ii) above, the Fiscal Agent shall proceed, or upon the occurrence and continuation of any other Event of Default under the Master Indenture the Fiscal Agent may proceed (and upon the written direction of the holders of not less than a majority of the aggregate principal amount of the Authority Bonds then Outstanding shall proceed) in its own name and as the Fiscal Agent of an express trust to exercise the following remedies:

(i) declare the principal of all Authority Bonds then Outstanding and the accrued but unpaid interest thereon to be due and payable immediately, and upon any such declaration, all Authority Bonds shall become due and payable, anything to the contrary contained herein or in the Authority Bonds notwithstanding; provided, however, that if, at any time after the principal of the Authority Bonds then Outstanding shall have been declared due and payable and before any judgment or decree for the payment of amounts due thereon shall have been obtained or entered, the Authority shall deposit with the Fiscal Agent an amount sufficient to pay all principal of and accrued but unpaid interest on the Authority Bonds to the date of such declaration, with interest at

the rate applicable to Bonds on such overdue principal of and interest on Bonds, and the reasonable expenses of the Fiscal Agent, and any and all other defaults known to the Fiscal Agent (other than in the payment of principal of, and interest on the Authority Bonds due and payable solely by reason of such declaration) shall have been made good or cured to the satisfaction of the Fiscal Agent or provision deemed by the Fiscal Agent to be adequate shall have been made therefor, then and in every such case the holders of not less than a majority of the aggregate principal amount of Authority Bonds then Outstanding, by written notice to the Authority and to the Fiscal Agent, may on behalf of the holders of all the Authority Bonds then Outstanding rescind and annul such declaration and its consequences; but no such rescission and annulment shall extend to or shall affect any subsequent default or shall impair or exhaust any right or power arising as a result of such subsequent default;

(ii) by mandamus, or other suit, action or proceeding at law or in equity, enforce all rights of such Bondholders, and require the Authority to carry out any agreements with or for the benefit of such Bondholders and to perform its or their duties under the JPA Law or any other law to which it is subject and the Master Indenture, provided that any such remedy may be taken only to the extent permitted under the applicable provisions of the Master Indenture;

(iii) bring suit upon the defaulted Bonds;

(iv) commence an action or suit in equity to require the Authority to account as if it were the trustee of an express trust for the holders of the Authority Bonds; or

(v) by action or suit in equity enjoin any acts or things which may be unlawful or in violation of the rights of the holders of the Authority Bonds.

The Fiscal Agent shall be under no obligation to take any action with respect to any Event of Default unless the Fiscal Agent has actual knowledge of the occurrence of such Event of Default.

Bondholders' Right to Direct Proceedings. Anything in the Master Indenture to the contrary notwithstanding, if an Event of Default has occurred and is continuing under the Master Indenture, holders of a majority in principal amount of the Authority Bonds then Outstanding shall have the right, at any time, by an instrument in writing executed and delivered to the Fiscal Agent, to direct the time, method and place of conducting all remedial proceedings available to the Fiscal Agent under the Master Indenture to be taken in connection with the enforcement of the terms of the Master Indenture or exercising any trust or power conferred on the Fiscal Agent by the Master Indenture; provided that such direction shall not be otherwise than in accordance with the provisions of the law and the Master Indenture and that there shall have been provided to the Fiscal Agent security and indemnity satisfactory to the Fiscal Agent against the costs, expenses and liabilities to be incurred as a result thereof by the Fiscal Agent; provided further that the Fiscal Agent shall have the right to decline to follow any such direction which in the opinion of the Fiscal Agent would be unjustly prejudicial to holders of Authority Bonds not parties to such direction.

Limitation on Bondholders' Right to Institute Proceedings. No owner of any Authority Bond will have the right to institute any suit, action or proceeding at law or in equity, for the protection or enforcement of any right or remedy under the Master Indenture, the Order, the JPA Law or any other applicable law, unless (i) such owner shall have given to the Fiscal Agent written notice of the occurrence of an Event of Default; (ii) the owners of not less than a majority of the aggregate principal amount of the Authority Bonds then Outstanding for which an Event of Default has occurred and is continuing shall have made written request upon the Fiscal Agent to exercise the powers heretofore granted under the Master Indenture or to institute such suit, action or proceeding in its own name; (iii) such owner or

owners shall have tendered to the Fiscal Agent reasonable indemnity against the costs, expenses and liabilities to be incurred in compliance with such request; and (iv) the Fiscal Agent shall have refused or failed to comply with such request for a period of 60 days after such written request shall have been received by and such tender of indemnity shall have been made to, the Fiscal Agent.

No Impairment of Right to Enforce Payment. Notwithstanding any other provision in the Master Indenture, the right of any Bondholder to receive payment of the principal of and interest on such holder's Authority Bond, on or after the respective due dates expressed therein and to the extent of the Pledged Revenues, or to institute suit for the enforcement of any such payment on or after such respective date, shall not be impaired or affected without the consent of such Bondholder.

Application of Moneys. If an Event of Default shall occur and be continuing, all and any other funds then held or thereafter received by the Fiscal Agent under any of the provisions of the Master Indenture shall be applied by the Fiscal Agent as follows and in the following order:

(1) To the payment of any expenses necessary in the opinion of the Fiscal Agent to protect the interests of the Bondholders and payment of reasonable fees and expenses of the Fiscal Agent (including reasonable fees and disbursements of its counsel) incurred in and about the performance of its powers and duties under the Master Indenture; and

(2) To the payment of the principal of and interest then due on the Authority Bonds (upon presentation of the Authority Bonds to be paid, and stamping thereon of the payment if only partially paid, or surrender thereof if fully paid) subject to the provisions of the Master Indenture, as follows:

(i) Unless the principal of all of the Authority Bonds shall have become or have been declared due and payable:

First: To the payment to the persons entitled thereto of all installments of interest then due in the order of the maturity of such installments, and, if the amount available shall not be sufficient to pay in full any installment or installments maturing on the same date, then to the payment thereof ratably, according to the amounts due thereon, to the persons entitled thereto, without any discrimination of preference; and

Second: To the payment to the persons entitled thereto of the unpaid principal of any Authority Bonds which shall have become due, whether at maturity or by call for redemption, in the order of their due dates, with interest on the overdue principal at the rate borne by the respective Bonds, and, if the amount available shall not be sufficient to pay in full all the Authority Bonds due on any date, together with such interest, then to the payment thereof ratably, according to the amount of principal due on such date to the persons entitled thereto, without any discrimination or preference.

(ii) If the principal of all of the Authority Bonds shall have become or have been declared due and payable, to the payment of the principal and interest then due and unpaid upon the Authority Bonds, with interest on the overdue principal at the respective rates borne by the Authority Bonds, and, if the amount available shall not be sufficient to pay in full the whole amount so due and unpaid, then to the payment thereof ratably, without preference or priority of principal over interest, or of interest over principal, or of any installment of interest over any other installment of interest, or of any Authority

Bond of any Series over any other Authority Bond of such Series, according to the amounts due respectively for principal and interest, to the persons entitled thereto without discrimination or preference.

Whenever moneys are to be applied pursuant to the above provisions, such moneys shall be applied at such times, and from time to time, as the Fiscal Agent shall determine, having due regard to the amount of such moneys available for application and the likelihood of additional moneys becoming available for such application in the future. Whenever the Fiscal Agent shall apply such funds, it shall fix the date (which shall be an Interest Payment Date unless it shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal and interest to be paid on such date shall cease to accrue. The Fiscal Agent shall give notice of the deposit with it of any such moneys and of the fixing of any such date by Mail to all Bondholders and shall not be required to make payment to any Bondholder until such Authority Bonds shall be presented to the Fiscal Agent for appropriate endorsement or for cancellation if fully paid.

Additional Events of Default and Remedies. The Events of Default and remedies as set forth in the Master Indenture may be supplemented with such additional Events of Default and remedies as may be set forth in a Supplemental Indenture.

Fiscal Agent, Paying Agent and Other Agents

The Fiscal Agent is authorized to and shall maintain and administer funds, accounts and subaccounts in accordance with the terms of the Master Indenture, and shall perform all other duties assigned to it or imposed on it as provided in the Master Indenture. The Fiscal Agent shall keep accurate records of all funds and accounts administered by it.

The Authority may at any time or from time to time appoint a Paying Agent or Paying Agents for the Authority Bonds or for any Series of Authority Bonds, to act in accordance with the terms of the Master Indenture and any related Supplemental Indenture.

The Authority may, at any time, remove the Fiscal Agent and the Paying Agent and appoint one or more successors. Upon the occurrence and continuation of an Event of Default, if the Auditor-Controller of the County is acting as Fiscal Agent with respect to the Authority Bonds, the Authority shall remove the Fiscal Agent and appoint a successor.

Modification of the Master Indenture

Supplemental Indentures Not Requiring Consent of Bondholders. The Authority may, from time to time and at any time, without the consent of or notice to the Bondholders, execute and deliver Supplemental Indentures supplementing or amending the Master Indenture or any Supplemental Indenture as follows:

- (i) to provide for the issuance of a Series or multiple Series of Authority Bonds under the provisions of the Master Indenture and to set forth the terms of such Authority Bonds and the special provisions which shall apply to such Authority Bonds;
- (ii) to cure any formal defect, omission, inconsistency or ambiguity in the Master Indenture or any Supplemental Indenture;
- (iii) to add to the covenants and agreements of the Authority in the Master Indenture or any Supplemental Indenture other covenants and agreements, or to surrender any right or

power reserved or conferred upon the Authority, and which shall not adversely affect the interests of the Bondholders;

(iv) to confirm, as further assurance, any interest of the Fiscal Agent in and to the Pledged Revenues or in and to the funds, accounts and subaccounts held by the Fiscal Agent or in and to any other moneys, securities or funds of the Authority provided pursuant to the Indenture or to otherwise add additional security for the Bondholders;

(v) to comply with the requirements of the Trust Indenture Act of 1939, as from time to time amended;

(vi) to modify, alter, amend or supplement the Master Indenture or any Supplemental Indenture in any other respect which, in the judgment of the Authority, is not materially adverse to the Bondholders;

(vii) to provide for uncertificated Bonds or for the issuance of coupons and bearer Bonds or Bonds registered only as to principal;

(viii) to qualify the Authority Bonds or a Series of Authority Bonds for a rating or ratings by any one or more of the Rating Agencies; and

(ix) to comply with the requirements of the Code as are necessary, in the opinion of Bond Counsel, to prevent the federal income taxation of the interest on any of the Authority Bonds which purport to bear interest which is excluded from gross income for federal income tax purposes.

Supplemental Indenture Requiring Consent of Bondholders. Except for any Supplemental Indenture entered as described immediately above or immediately below, the holders of not less than a majority in aggregate principal amount of the Authority Bonds then Outstanding shall have the right from time to time to consent to and approve, in accordance with the Master Indenture and the Supplemental Indenture, the execution by the Authority of any Supplemental Indenture deemed necessary or desirable by the Authority for the purposes of modifying, altering, amending, supplementing or rescinding, in any particular, any of the terms or provisions contained in the Master Indenture or in a Supplemental Indenture.

The Authority may, from time to time and at any time execute a Supplemental Indenture which amends the provisions of an earlier Supplemental Indenture pursuant to which a Series or multiple Series of Authority Bonds are issued. If such Supplemental Indenture is executed for one of the purposes set forth in paragraphs (i) to (ix) above, no notice to or consent of the Bondholders shall be required.

If Bondholders of not less than the percentage of Authority Bonds required by the Master Indenture shall have consented to and approved the execution and delivery thereof, no Bondholders shall have any right to object to the adoption of such Supplemental Indenture, or to object to any of the terms and provisions contained therein or the operation thereof, or in any manner to question the propriety of the execution and delivery thereof, or to enjoin or restrain the Authority from executing the same or from taking any action pursuant to the provisions thereof.

THE DISTRICT MASTER INDENTURE

Additional District Bonds

Prior to or simultaneously with the delivery of any subsequent Series of District Bonds, the Fiscal Agent shall require the delivery of certain documents, certificates, opinions and instructions as set forth in the District Master Indenture. In particular, as a condition to the issuance of any Series of District Bonds subsequent to the issuance of the Series 2005A District Bonds, there shall be delivered to the Fiscal Agent a certificate of the County certifying that, based upon a review of the books and records maintained by the District for each Fiscal Year, the product of (i) the total number of benefit points in the District as of the last day of the Fiscal Year ended next prior to the date on which such District Bonds are to be issued times (ii) 80% of the maximum dollar amount per benefit point at which Assessments are authorized to be levied in each Fiscal Year thereafter during which District Bonds are scheduled to be outstanding times (iii) the percentage, as certified by the Auditor-Controller of the County, of the County's secured property tax levy for such prior Fiscal Year actually collected during such prior Fiscal Year, equals at least 1.15 times the Maximum Annual Debt Service in any Fiscal Year thereafter on all District Bonds to be Outstanding immediately subsequent to the issuance of the additional District Bonds. This certificate shall not be required with respect to such District Bonds as are being issued for the purpose of refunding their Outstanding Bonds if there is delivered to the Fiscal Agent and the Paying Agent, in lieu thereof a certificate of an Authorized District Representative showing that Annual Debt Service in each year on the refunding Bonds will not exceed Annual Debt Service in each year that would have been payable with respect to the refunded Bonds had the refunding Bonds not been issued.

Refunding District Bonds

Refunding District Bonds of the District may be issued under and secured by the District Master Indenture for the purpose of providing funds for the refunding of the outstanding District Bonds or any portion thereof in accordance with and as permitted by applicable law and the District Second Supplemental Indenture.

District Pledged Revenues and Funds

District Pledged Revenues. The District Bonds are secured by a first lien and charge on and pledge of District Pledged Revenues and shall be of equal rank without preference, priority or distinction of any District Bond of any Series over any other District Bond of any other Series. The District has granted to the holders of District Bonds (which, with respect to the Series 2005A District Bonds, is the Authority) a pledge and first lien on the District Pledged Revenues and has covenanted that, until the District Bonds of all Series and the interest thereon shall have been paid or shall have been deemed to have been paid, it will not issue any obligations secured by a lien on the Pledged Revenues that is senior to the lien thereon in favor of the Bondholders or that ranks on a parity with the lien thereon in favor of Bondholders except upon compliance with the additional bonds test and provisions of the Master Indenture governing the issuance of temporary bonds, the issuance of parity bonds or refunding bonds, as applicable.

Establishment of Funds and Accounts. The District Master Indenture establishes the following funds the Project Fund, the District Debt Service Fund, the District Reserve Fund, the District Redemption Fund and the District Earnings Fund. Within the Project Fund, the District Master Indenture establishes certain accounts designated as the "Beach Account," the "Museum Account" and the "Parks Account." Other accounts and subaccounts will be established within each such fund with respect to the Series 2005A District Bonds as set forth in the District Second Supplemental Indenture.

Reserve Fund; 2005A Reserve Account. The 2005A Reserve Account will be established within the Reserve Fund held under the District Indenture in an amount equal, as of any date of calculation, to the "Reserve Requirement." The initial deposit to the 2005A Reserve Account will be made from amounts transferred from the 1997A Reserve Account. Thereafter, the deposit to each Reserve Account of the Reserve Fund, including but not limited to the 2005A Reserve Account, will be made from Pledged Assessments in an amount necessary to increase the amount on deposit therein to an amount equal to the Reserve Requirement for the related Series of Bonds, when and as received, to the extent necessary to fund such account, and after prior allocations to the Bond Interest Subaccount and Bond Principal Subaccount of each Debt Service Account of the Debt Service Fund equal to the interest and principal, respectively, payable on the immediately succeeding payment date, plus premium, if any. If after making the deposits to such Bond Interest Subaccount and Bond Principal Subaccount of each Debt Service Account of the Debt Service Fund are less than the amount necessary to fund such Reserve Accounts of the Reserve Fund, then the entire balance of the Pledged Assessments remaining shall be deposited into each such Reserve Account.

Notwithstanding anything in the District Indenture to the contrary, at the option of the District, amounts required to be held in the 2005A Reserve Account may be initially provided or substituted, in whole or in part, by the deposit with the Fiscal Agent of a Reserve Fund Credit Policy in a stated amount equal to the amounts to be initially provided or so substituted, provided that prior to any substitution of such Reserve Fund Credit Policy, the Rating Agencies shall have been notified of such proposed substitution and the substitution shall not result in an downgrading or withdrawal of any rating of any Authority Bonds or District Bonds then in effect by the Rating Agencies. Any such substituted moneys shall be applied as directed by the District.

So long as a Reserve Fund Credit Policy shall be in force and effect, any deposits required to be made with respect to a Reserve Account pursuant to the District Master Indenture shall include any amounts due to the provider of such Reserve Fund Credit Policy resulting from a draw on such Reserve Fund Credit Policy. Any such amounts shall be paid to the provider of such Reserve Fund Credit Policy as provided in such Reserve Fund Credit Policy or any related agreement.

Covenants of the District

Payment of Principal and Interest. The District covenants and agrees that it will duly and punctually pay or cause to be paid from the Pledged Assessments described in the District Master Indenture and to the extent thereof the principal of, premium, if any, and interest on every District Bond at the place and on the dates and in the manner specified herein and in each District Bond, according to the true intent and meaning thereof, and that it will faithfully do and perform all covenants and agreements contained herein and in the District Bonds and the District agrees that time is of the essence of the District Master Indenture, provided that the District's obligation to make payment of the principal of, premium, if any, and interest on the District Bonds shall be limited to payment from the Pledged Assessments, the funds, accounts, subaccounts pledged therefor and any other source which the District may specifically provide for such purpose and no holder of a District Bond shall have any right to force payment from any other funds of the District.

Levy of Assessments. The Board shall annually levy, or cause to be levied, the Assessments in accordance with the Order and applicable law. Unless otherwise required by applicable law, the District covenants that it shall not take, or cause to be taken, any action that would result in the reduction of the amount of the levy of Pledged Assessments with respect to any Fiscal Year below an aggregate amount equal to 1.15 times the Maximum Annual Debt Service on all Outstanding District Bonds and any District Bonds that the District reasonably expects to be issued during the then-present Fiscal Year.

Deferral of Assessments. Subject to the Order, the District shall not directly or indirectly extend or defer the payment of any Assessments if, following such extension or deferral, the value of the Pledged Assessments not subject to such extension or deferral would be less than 1.15 times the Maximum Annual Debt Service on all Outstanding District Bonds theretofore issued; provided, however, that this covenant in no way limits the District's ability to defer Assessments pursuant to Section 170 and 194-95 of the California Revenue and Taxation Code and Chapter 4.64 of the Los Angeles County Code.

Collection of Assessments and Receipt of Deposits of Pledged Assessments. The District covenants and agrees that it will use its best efforts to collect the Assessment and deposit or cause the deposit of Pledged Assessments with the Fiscal Agent on a timely basis, and the District agrees that at the time Pledged Assessments are paid to the District, the District will immediately upon receipt transfer the required portion of the Pledged Assessments to the Fiscal Agent for credit to the District Debt Service Fund established with respect to the District Bonds, and during such time as such portion of Pledged Assessments are held by the District prior to transfer to the Fiscal Agent, such portion of Pledged Assessments will be impressed with a trust and held for the District Bondholders. The District shall have no obligation to institute judicial foreclosure proceedings as a result of delinquencies in the payments of Assessments, but shall take such actions with respect to such delinquencies as are consistent with the policy of the County regarding delinquent property taxes generally.

District Events of Default and Remedies

District Events of Default. The District Master Indenture sets forth the "District Events of Default," which include, among others, the failure to pay the principal of or premium, if any, on the District Bonds when the same shall become due and payable at maturity or upon redemption, the failure to pay any installment of interest on the District Bonds when such interest shall become due and payable and the failure by the District to observe and perform certain covenants, conditions, agreements or provisions, which failure shall continue for a period of 30 days after written notice, all as set forth in the District Master Indenture.

Remedies. Upon the occurrence and continuance of any District Event of Default the Fiscal Agent may, and in certain situations set forth in the District Master Indenture shall, exercise remedies established in the District Master Indenture.

No person other than the Fiscal Agent or the Bondholders shall be entitled to exercise any right or remedy provided to such Bondholders under a District Supplemental Indenture on the basis of the District's failure to observe, or refusal to comply with the above covenant.

Tax Covenant

In order to maintain the exclusion from gross income for federal income tax purposes of the interest on bonds issued from time to time by the Authority, the District covenants to comply with each applicable requirement of Section 103 and Sections 141 through 150 of the Code with respect to such bonds. The District agrees to comply with the covenants contained in, and the instructions given pursuant to nonarbitrage certificates executed in connection with the issuance of such bonds, as such nonarbitrage certificates may be amended from time to time, as a source of guidance for compliance with such provisions. The Fiscal Agent agrees to comply with any instructions received from an Authorized District Representative which such Authorized District Representative indicates must be followed in order to comply with such a Nonarbitrage Certificate.

APPENDIX C

THE LOS ANGELES COUNTY POOLED SURPLUS INVESTMENTS

The Treasurer and Tax Collector (the Treasurer) of Los Angeles County has the delegated authority to invest funds on deposit in the County Treasury (the Treasury Pool). As of November 30, 2004, investments in the Treasury Pool were held for local agencies including school districts, community college districts, special districts and discretionary depositors such as cities and independent districts in the following amounts:

<u>Local Agency</u>	<u>Invested Funds</u> <u>(in billions)</u>
County of Los Angeles and Special Districts	\$ 5.638
Schools and Community Colleges	7.938
Independent Public Agencies	<u>1.109</u>
Total	\$ 14.685

Of these entities, the involuntary participants accounted for approximately 92.45%, and all discretionary participants accounted for 7.55% of the total treasury pool.

Decisions on the investment of funds in the Treasury Pool are made by the County Investment Officer in accordance with established policy, with certain transactions requiring the Treasurer's prior approval. In Los Angeles County, investment decisions are governed by Chapter 4 (commencing with Section 53600) of Part 1 of Division 2 of Title 5 of the California Government Code, which governs legal investments by local agencies in the State of California, and by a more restrictive Investment Policy developed by the Treasurer and adopted by the Los Angeles County Board of Supervisors on an annual basis. The Investment Policy adopted on February 3, 2004, reaffirmed the following criteria and order of priority for selecting investments:

1. Safety of Principal
2. Liquidity
3. Return on Investment

The Treasurer prepares a monthly Report of Investments (the Investment Report) summarizing the status of the Treasury Pool, including the current market value of all investments. This report is submitted monthly to the Board of Supervisors for formal action to approve it. According to the Investment Report dated December 22, 2004, the November 30, 2004 book value of the Treasury Pool was approximately \$14.685 billion and the corresponding market value was approximately \$14.644 billion.

An internal controls system for monitoring cash accounting and investment practices is in place. The Treasurer's Compliance Auditor, who operates independently from the Investment Officer, reconciles cash and investments to fund balances daily. They also review each investment trade for accuracy and compliance with the Board adopted Investment Policy. The County Auditor Controller's Office performs similar cash and investment reconciliation on a quarterly basis and regularly reviews investment

transactions for conformance with the approved policies. Additionally, the County's outside independent auditor annually accounts for all investments.

The Treasury Pool is highly liquid. As of November 30, 2004 approximately 45.59% of the pool investments mature within 60 days, with an average of 198.66 days to maturity for the entire portfolio. The following table identifies the types of securities held by the Pool as of November 30, 2004.

<u>Type of Investment</u>	<u>% of Pool</u>
U.S. Government and Agency Obligations	53.32
Certificates of Deposit	16.68
Commercial Paper	23.36
Bankers Acceptances	0.00
Municipal Obligations	0.15
Corporate Notes & Deposit Notes	5.67
Asset Backed Instruments	0.00
Repurchase Agreements	0.82
Other	0.00

Effective January 1, 1996, Section 27131 of the Government Code requires all counties investing surplus funds to establish a County Treasury Oversight Committee. On January 16, 1996, the Board of Supervisors approved the establishment of the County Treasury Oversight Committee and subsequently confirmed the five Committee members nominated by the Treasurer in accordance with that Section. The Committee, which meets quarterly, is required to review and monitor for compliance the investment policies prepared by the Treasurer.

Re: Los Angeles County Public Works Financing Authority
Refunding Revenue Bonds, Series 2005A

Ladies and Gentlemen:

We have acted as Bond Counsel to the Los Angeles County Public Works Financing Authority, a joint exercise of powers entity formed and existing under the Constitution and the laws of the State of California (the "Authority"), in connection with the issuance and sale by the Authority of \$_____ aggregate principal amount of revenue bonds designated the Los Angeles County Public Works Financing Authority Refunding Revenue Bonds, Series 2005A (the "Series 2005A Authority Bonds"). Capitalized terms used herein and not otherwise defined shall have the meanings assigned to them in the Indenture as hereinafter defined.

The Series 2005A Authority Bonds are to be issued pursuant to the Mark-Roos Local Bond Pooling Act of 1985 (commencing with Section 6584 of the California Government Code), and pursuant to an Authority Master Indenture of Trust, dated as of November 1, 1997 (the "Master Indenture"), as supplemented by an Authority First Supplemental Indenture of Trust, dated as of November 1, 1997 (the "Authority First Supplemental Indenture"), as supplemented by an Authority Second Supplemental Indenture of Trust, dated as of February 1, 2005 (the "Second Supplemental Indenture" and, together with the Master Indenture and the Authority First Supplemental Indenture, the "Indenture"), each by and between the Authority and the Auditor-Controller of the County of Los Angeles, as fiscal agent (the "Fiscal Agent"), to advance refund the outstanding principal amount of the Authority's Revenue Bonds, Series 1997A (Los Angeles County Regional Park and Open Space District) (the "1997 Bonds"), and to pay certain costs of issuance in connection with the Series 2005A Authority Bonds and the Series 2005A District Bonds. The Series 2005A Authority Bonds are secured by the Pledged Revenues as defined in and pledged under the Indenture, payments to be made by the Los Angeles County Park and Open Space District, a body corporate and politic organized and existing under the Constitution and the laws of the State of California (the "District"), to the Authority of principal of, premium, if any, and interest on the Series 2005A District Bonds. The District is issuing the Series 2005A District Bonds for the purpose of refunding a portion of its Limited Obligation Improvement Bonds, Series 1997A (the "1997 District Bonds"), which are presently held by the Authority.

As Bond Counsel we have examined copies certified to us as being true and complete copies of the proceedings of the Authority and the District in connection with the issuance of the Series 2005A Authority Bonds and the Series 2005A District Bonds (collectively, the "Proceedings"). Our services as Bond Counsel were limited to an examination of the transcript of the Proceedings and to the rendering of the opinions set forth below. In this connection, we have also examined such certificates of officers of the Authority and the District and others as we have considered necessary for the purposes of this opinion.

We are of the opinion that:

1. The Authority Second Supplemental Indenture has been duly authorized by all necessary action on the part of the Authority, has been duly executed and delivered by the Authority and constitutes a legal valid and binding obligation of the Authority enforceable against the Authority in accordance with its terms.

2. The Proceedings have been taken in accordance with the laws and Constitution of the State of California, and the Series 2005A Authority Bonds, having been issued in duly authorized form and executed by the proper officials, and delivered to and paid for by the purchasers thereof, constitute the legally valid and binding obligations of the Authority, payable solely from the Pledged Revenues, as provided in the Indenture.

3. Under existing statutes and court decisions and assuming continuing compliance with certain tax covenants described herein, interest on the Series 2005A Authority Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"). Interest on the Series 2005A Authority Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations. In rendering the opinion in this paragraph 3, we have relied upon and assumed (i) the material accuracy of the representations, statements of intention and reasonable expectations, and certifications of fact, contained in the Indenture and the Tax and Nonarbitrage Certificate delivered on the date hereof with respect to the use of proceeds of the Series 2005A Authority Bonds and the investment of certain funds, and other matters affecting the non-inclusion of interest on the Series 2005A Authority Bonds in gross income for Federal income tax purposes under Section 103 of the Code, and (ii) compliance by the Authority and the District with procedures and covenants set forth in the Tax and Nonarbitrage Certificate and with the tax covenants set forth in the Indenture as to such matters. Under the Code, failure to comply with such procedures and covenants may cause the interest on the Series 2005A Authority Bonds to be included in gross income for Federal income tax purposes, retroactive to the date of issuance of the Series 2005A Authority Bonds, irrespective of the date on which such noncompliance occurs or is ascertained.

4. Under existing statutes, interest on the Series 2005A Authority Bonds is exempt from State of California personal income taxes.

Except as stated in paragraphs 3 and 4 above, we express no opinion as to any Federal, state or local tax consequences arising with respect to the Series 2005A Authority Bonds or the ownership or disposition thereof. Furthermore, we express no opinion as to the effect of any action hereafter taken or not taken in reliance upon an opinion of counsel other than ourselves on the exclusion from gross income for Federal income tax purposes of interest on the Series 2005A Authority Bonds, or under State and local tax law.

We undertake no responsibility for the accuracy, completeness or fairness of any official statement or other offering materials relating to the Series 2005A Authority Bonds or the Series 2005A District Bonds.

This opinion is issued as of the date hereof, and we assume no obligation to update, revise or supplement this opinion to reflect any action hereafter taken or not taken, or any facts or circumstances, or any changes in law or in interpretations thereof, that may hereafter arise or occur, or for any other reason.

APPENDIX E

BOOK-ENTRY ONLY SYSTEM

Book-Entry-Only System

General. The Series 2005A Authority Bonds will be available in book-entry form only in the principal amount of \$5,000 and any integral multiples thereof. Purchasers of beneficial ownership interests in the Series 2005A Authority Bonds will not receive certificates representing their interests in the Series 2005A Authority Bonds purchased. The Underwriters will confirm original issuance purchases with statements containing certain terms of the Series 2005A Authority Bonds purchased.

The following information concerning DTC and DTC's book-entry system has been obtained from sources the Authority, the District and the Underwriters believe to be reliable; however, the Authority, the District and the Underwriters take no responsibility as to the accuracy or completeness thereof. There can be no assurance that DTC will abide by its procedures or that such procedures will not be changed from time to time.

[UPDATE]

DTC will act as securities depository for the Series 2005A Authority Bonds. The ownership of one fully registered bond for each maturity of the Series 2005A Authority Bonds as set forth on the inside cover page hereof, each in the aggregate principal amount of each such maturity, will be registered in the name of Cede & Co., as nominee for DTC and will be deposited with DTC.

DTC is a limited-purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC was created to hold securities of its participants (the "DTC Participants") and to facilitate the clearance and settlement of securities transactions among DTC Participants in such securities through electronic book-entry changes in accounts of the DTC Participants, thereby eliminating the need of physical movement of securities certificates. DTC Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations, some of whom (and/or their representatives) own DTC. Access to the DTC system is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a DTC Participant, either directly or indirectly (the "Indirect Participants").

Purchases of the Series 2005A Authority Bonds under the DTC system must be made through DTC Participants, which will receive a credit for the Series 2005A Authority Bonds on DTC's records. The DTC Participants shall receive a credit balance in the records of DTC. The ownership interest of each actual purchaser of each Series 2005A Authority Bond (the "Beneficial Owner") will be recorded through the records of DTC. Beneficial Owners are expected to receive a written confirmation of their purchase providing details of the Series 2005A Authority Bonds acquired. Transfers of ownership interests in the Series 2005A Authority Bonds will be accomplished by book-entries made by DTC and, in turn, by the DTC Participants who act on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series 2005A Authority Bonds, except as specifically provided in the Indenture.

Such DTC Participants and the persons for whom they acquire interests in the Series 2005A Authority Bonds as nominees will not receive certificated Series 2005A Authority Bonds, but each such

DTC Participant will receive a credit balance in the records of DTC in the amount of such DTC Participant's interest in the Series 2005A Authority Bonds, which will be confirmed in accordance with DTC's standard procedures. Each such person for whom a DTC Participant acquires an interest in the Series 2005A Authority Bonds, as nominee, may desire to make arrangements with such DTC Participant to receive a credit balance in the records of such DTC Participant, and may desire to make arrangements with such DTC Participant to have notices of redemption or all other communications of the Authority to DTC which may affect such persons forwarded in writing by such DTC Participant and to have notifications made of all payments of interest and principal of his beneficial interest. NONE OF THE AUTHORITY, THE DISTRICT, THE COUNTY, THE PAYING AGENT OR THE FISCAL AGENT WILL HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO DTC PARTICIPANTS, OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO THE SERIES 2005A AUTHORITY BONDS IN RESPECT OF THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DTC PARTICIPANT; THE PAYMENT BY DTC OR ANY DTC PARTICIPANT OF ANY AMOUNT IN RESPECT OF THE PRINCIPAL OF, INTEREST ON OR REDEMPTION PRICE OF THE SERIES 2005A AUTHORITY BONDS; ANY NOTICE WHICH IS PERMITTED OR REQUIRED TO BE GIVEN TO OWNERS UNDER THE INDENTURE; THE SELECTION BY DTC OR ANY DTC PARTICIPANT OF ANY PERSON TO RECEIVE PAYMENT IN THE EVENT OF A PARTIAL REDEMPTION OF THE SERIES 2005A AUTHORITY BONDS; OR ANY OTHER ACTION TAKEN BY DTC AS BONDHOLDER.

SO LONG AS CEDE & CO. IS THE REGISTERED OWNER OF THE SERIES 2005A AUTHORITY BONDS, AS NOMINEE OF DTC, REFERENCES HEREIN TO THE OWNERS OR HOLDERS OF THE SERIES 2005A AUTHORITY BONDS (OTHER THAN UNDER THE CAPTION "TAX EXEMPTION") SHALL MEAN CEDE & CO. AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE SERIES 2005A AUTHORITY BONDS.

DTC may determine to discontinue providing its service with respect to the Series 2005A Authority Bonds at any time by giving notice to the Authority and discharging its responsibilities with respect thereto under applicable law. Under such circumstances, if no successor to DTC is appointed to act as securities depository, bond certificates are required to be delivered as described in the Indenture. The Beneficial Owner, upon registration of bonds in the Beneficial Owner's name, will become the registered owner of the Series 2005A Authority Bonds.

The Authority may determine that continuation of the system of book-entry transfers through DTC (or a successor securities depository) is not in the best interest of the Beneficial Owners. In such event, certificated Series 2005A Bonds will be delivered as described in the Indenture.

The Authority, the County, the District and the Fiscal Agent will recognize DTC or its nominee as the sole and exclusive owner of the Series 2005A Authority Bonds registered in its name for all purposes, including notices and voting, under the Indenture, registering the transfer of the Series 2005A Authority Bonds, or other action to be taken by registered owners and for all other purposes whatsoever, and shall not be affected by any notice to the contrary. Conveyances of notices and other communications by DTC to DTC Participants, by DTC Participants to Indirect Participants, and by DTC Participants and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is now the case with municipal securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such DTC Participant or Indirect Participant, and not of DTC, the Paying Agent, the Fiscal Agent, the Authority, the County or the District, subject to any statutory and regulatory requirements as may be in effect from time to time.

Payments of principal of, premium, if any, and interest on the Series 2005A Authority Bonds will be made to DTC or its nominee, Cede & Co., as registered owner of the Series 2005A Authority Bonds.

DTC's current practice is to immediately credit the accounts of the DTC Participants in accordance with their respective holdings shown on the records of DTC. Payment of principal of, premium, if any, and interest to DTC is the responsibility of the Fiscal Agent. Disbursement of such payments to the DTC Participants is the responsibility of DTC and disbursement of such payments to the Beneficial Owners is the responsibility of the DTC Participants and the Indirect Participants.

Discontinuance of DTC Services. In the event (i) DTC determines not to continue to act as securities depository for the Series 2005A Authority Bonds, (ii) DTC shall no longer so act and give notice to the Fiscal Agent of such determination or (iii) the Authority determines that it is in the best interest of the Beneficial Owners that they be able to obtain certificated Series 2005A Authority Bonds and delivers a written certificate to the Fiscal Agent to that effect, DTC services will be discontinued. If the Authority determines to replace DTC with another qualified securities depository, the Authority shall prepare or direct the preparation of new single, separate, fully registered Bond for each of the maturities of the Series 2005A Authority Bonds, registered in the name of such successor or substitute qualified securities depository or its nominee. If the Authority fails to identify another qualified securities depository to replace DTC then the Series 2005A Authority Bonds shall no longer be restricted to being registered in the Bond registration books in the name of Cede & Co., but shall be registered in such names as are requested in a certificate of the Authority, in accordance with the Indenture.
